ROYAL VISITORS TO SEE SCOTLAND

Final Stage of Tour of England's King and Queen This Week.

TO RESIDE AT HOLYROOD

Lay Foundations of Usher Hall—Review of the Scottish Troops—To Leave Edinburg on Friday Morning.

Edinburg, July 15.—From every corner of the land o' cakes pilgrims are making their way today to "Auld Reekie" to take part in the welcome to the king. His majesty, with the queen, the prince of Wales and Princess Mary, will arrive in Edinburgh early Monday morning for a five days visit to Scotland, which will mark the final stage of the royal tour of the United Kingdom, following the coronation.

Preparations which have been under way for months are virtually completed, and when the royal train steams into the Caledonian railroad station at 6 o'clock Monday morning the machinery will be set in motion for what is expected to be one of the most remarkable demonstrations of the kind that Scotland has seen in years.

The royal family will reside in Holyrood Palace during their stay in Edinburgh. It will be remembered that in 1903, nine months after their coronation, King Edward and Queen Alexandra came to Scotland and held a levee and court at Holyrood—for the first time for 80 years. Their majesties did not, however, take up their residence in the palace, but occupied Dalkeith House, which was placed at their disposal by the Duke and Duchess of Buccleuch.

On Wednesday afternoon the king and queen are to lay the foundation stones of Usher Hall. This hall is to be built out of a fund donated by the late Andrew Usher, senior partner in the great distilling firm which bears his name, and is to be utilized chiefly for promoting the cultivation of, and taste of, music.

The programme for the royal visit also provides for a review of the Scottish troops by the king, a visit by the queen to the woman's and children's hospitals at Bruntsfield, a visit to the Royal Scottish academy, a visit to Linlithgow castel, and an inspection by the king of the veterans, the boys' brigade, the boy scouts and a detachment of boys from the Queen Victoria school at Dunblane. The purely social functions will be confined to a levee at Holyrood palace on Tuesday and a court at the same place Wednesday night. The visit will conclude with the departure of the royal family from Edinburgh Friday morning.

GREATEST AERO EVENT.

Aviators Will Contest in 1,010 Race In England.

London, July 15.—England is to witness this month one of the most ambitious attempts at long distance aeroplaning yet seen, a circuit of the island over a course of 1,010 miles for a prize of $50,000 offered by the Daily Mail.

The chief point of interest to Americans will be the appearance of Chas. T. Weyman, who as the representative of the United States, won the International aviation cup at East Church on July 1. He is the only American entrant, but is expected to make a notable showing against the best flying men of Europe who will compete. The latter include Beaumont, winner of the recent European circuit competition; Vedrines, who finished first in the Paris to Madrid race, and Valentine, the Englishman who competed in the European circuit.

The course is divided into sections ranging from 20 to 182 miles in length.

Whether any of the competitors will complete the race is doubtful as the conditions in the opinion of experts are almost impossible of fulfillment. More depends upon stability of the machines than has been required in any previous race. The flying men must do the circuit of over 1,000 miles practically with their machines intact. The most important parts of each machine are to be marked and these parts must be kept together throughout the course.

The crucial stage of the journey, in the opinion of airmen, will be between Harrowgate and Edinburgh. The country is so uneven and the air currents so troublesome there that it will be no surprise if the race gets its quietus along this stretch.

GIRL IS TYPHOID SPREADER

Rosa Bousma, All Right Herself, Carries Germs of Disease.

Chicago, July 15.—Miss Rosa Boersma, known as the typhoid girl, is being guarded by a city detective on a dairy farm south of Chicago and may be quarantined for life, according to health department officials.

Although enjoying perfect health she is said to be a carrier of the disease germs and directly responsible for three deaths and fifty cases of fever in the south division of the city. She has been under quarantine for more than a month.

Don't fail to get a balloon at Fuchs' Big Sale. **

FIGHT TO RETAIN DR. WILEY

Congressman Declares Powerful Special Interests Are Trying to Oust Him—Deeper Probe Asked in The House.

Washington, July 15.—Expressing the belief that persistent efforts to have Dr. Harvey W. Wiley removed from office, have been made by "powerful special interests, whose welfare in life attaches more to the dollar than to health, happiness and prosperity of the people," Representative Cox, of Indiana, Democrat, today introduced a resolution calling for further informaion. His measure contemplates a broader investigation of the Wiley case than was contemplated when the House Committee on Expenditures in the Department of Agriculture yesterday decided to investigate the charges made against Dr. Wiley in connection with the Department personnel board's recommendation for his removal.

Mr. Cox declared today that he wanted to find out what interests were after Dr. Wiley. His resolution, he said, was in no way antagonistic to the work of the Expenditures Committee, which will meet next week. He said Dr. Wiley, "had fearlessly performed his duty in the enforcement of the Pure Food and Drug law to the benefit of the many millions of people throughout the country."

His resolution calls on both the Attorney General and the Secretary of Agriculture "to furnish the House of Representatives with all letters, records, telegrams, protests and objections, now on file in their offices, protesting against his retention in office, with all letters and data of every kind protesting against his rulings and decisions in the administration of said law."

NEW RECORD IN EXPORTS.

Exceeded Two Billion Dollar Mark for First Time Last Year.

Washington, July 15.—All foreign commerce records of the United States were broken during the fiscal year of 1911, ended June 30th last. Figures of the Bureau of Statistics issued today show the vast volume of business transacted by American business men with foreign countries, amounting to more than $3,500,000,000, which exceeds the record year of 1907 by more than $263,000,000.

The country's exports for the first time exceeded the two billion mark, while the imports were second only to last year's. The year wound up with a balance of trade of more than $520,000,000 in favor of American business. This is $332,000,000 more than last year's balance, but was exceeded by the record year of 1908 and the years 1901, 1900 and 1899.

Fifty per cent. of the imports entered the country free of duty, being greater than at any time in the history of the trade except in 1892, 93, 94, when sugar was being imported free under the McKinley tariff law. The total value of merchandise entering free, however, was larger than in any year heretofore.

GUESTS OF SENATOR WATSON.

Great Gathering of Democrats at His Fairmont Home.

Fairmont, W. Va., July 15.—The greatest gathering of Democrats ever assembled in West Virginia, outside of a State convention, met in this place today as the guests of United States Senator Watson, of this State.

Today Senator Watson was host at a unique week-end party. Accompanied by five fellow-members of the United States Senate, Senator Watson arrived here at 3 P. M. In the party were Senators Overman, Bacon, Chamberlain, Johnson and Taylor. Senators Bailey, Chilton and Kern, who were expected were detained at Washington by important committee work.

In addition to the United States Senators, there were over 100 Democratic members of the West Virginia Legislature present. At 3 P. M. about 4,000 persons from the surrounding country were in attendance. During the late afternoon, the world-famous string of show horses of the Watson family were exhibited. Then followed a general reception. It was a gathering such as West Virginia has never seen before.

USING ALCOHOLIC BEVERAGES.

As Last Resort on Account of Impure Water at Canton.

Canton, Ohio, July 15.—A break in the main pump at the city waterworks pumping station has necessitated the use of creek and lake water for two weeks.

Taking the accident as a basis for a resolution, the Canton W. C. T. U. went on record in a protest against alleged carelessness on the part of city officials in delaying the work on a standpipe which will meet emergency needs of the city. The resolution says in part:

"Impure drinking water has driven many to the use of beer and other alcoholic beverages, who would not otherwise have used them."

Chicago, July 15—Bad business conditions were given as the reason for voluntary proceedings in bankruptcy being filed today in the United States Circuit Court by Lyon Bros., a wholesale firm. The concern is capitalized for $500,000. The Central Trust Company was appointed receivers. The liabilities of the company were given at $175,000 and the assets at $250,000.

LORIMER INQUIRY TAKES NEW TURN

Taft's Administration Connected With Senator's Election Says Deneen.

TELLS OF M'VEAGH MESSAGE

President Asked for Facts About the Election as Early as August 1909—Talks of Famous Telephone Conversation.

Washington, July 15.—President Taft's administration was today brought into the Lorimer election in a new way. Governor Deneen, of Illinois, testified before the Lorimer Investigating Committee, that as early as August, 1909, Secretary of the Treasury McVeagh, had sent for him "to ascertain for the President matters regarding the election of Senator Lorimer." This was about three months after Mr. Lorimer's election.

Whether Secretary McVeagh was proceeding on his own initiative or whether the President had suggested that he interview Gov. Deneen was not revealed. Nor was it developed whether an extended inquiry was being conducted by the administration into the manner of Senator Lorimer's election.

Governor Deneen mentioned the name of Secretary McVeagh when he was asked to whom he had given his version of the famous telephone conversation between Edward Hines and himself on the day Lorimer was elected. It was during this conversation so Hines testified, Deneen promised to support Lorimer. This Governor Deneen denied. Hines testified he said over the telephone that he was on his way to Springfield to bring Deneen a message from Senator Aldrich and President Taft about Lorimer's election. Deneen testified Hines said the President was sending him a message through Aldrich, who would have George Reynolds, president of the Continental National Bank, deliver it.

Gov. Deneen today testified that when he responded to Secretary McVeagh's request to call at the Federal building in Chicago Mr. McVeagh said he "wanted to ascertain for the President matters regarding Senator Lorimer's election," and that he, Deneen, jokingly replied:

"Ask the President; he was the man who is said to have sent the message that did it."

Gov. Deneen added that in response to further inquiry from the Secretary he related the conversation between himself and Hines.

"The conversation only lasted 10 or 15 minutes, for the Secretary, after I had related my part in the election, said that he was astonished at the reports," added Governor Deneen.

The afternoon session was practically devoted to the Hines-Deneen telephone conversation. It is regarded as having an important bearing on the Lorimer claim that Deneen favored Lorimer's election.

"Do you think Mr. Hines might have mentioned Mr. Reynolds' name for the purpose of identification?" inquired Senator Fletcher, referring to Hines' testimony.

"No," was the response. "Mr. Reynolds could not have identified Mr. Hines for I did not know Mr. Reynolds very well."

Gov. Deneen declared that it was not necessary for him to assist them, because the contest had been won by Lorimer the night before.

When the committee resumes its hearings Monday the testimonies will be regarding the activities of Edward Hines in the Lorimer election.

DUTY ON HAIR PROBLEM.

Section of Treasury Offices Looks Like Indian Camp.

Washington, July 15.—The higher cost of puffs, rats, curls, switches and other appurtenances of the modern feminine coiffure depends upon a decision now pending in the Treasury Department. One section of the Treasury offices looks like an Indian camp after the visit of a scalping party. Assistant Secretary Curtis, who has charge of the customs, is wrestling with the problem of duty on hair.

The law provide that "raw" hair shall come in free and puts a duty of 20 per cent. upon "drawn" hair.

Several of the best known hair dressers have raised a technical debate over "when is hair raw and when is it drawn."

Scalp locks from China, Germany, France and even Russia are in the exhibits sent to the government.

Amoy, China, July 15.—The Pacific mail steamer Mongolia today carried from this port 230 tons of Amoy narcissus bulbs for the American markets. This shipment is notable as the first of its kind. The bulbs are produced in a small area on the West river, and the annual supply is limited. There has been sharp competition lately among foreign bulb dealers to obtain the local supply.

Eyes tested, glasses fitted expertly, carefully and satisfactorily without any trouble, without any delay, without any cost to you. All eye sufferers can learn the true state of affairs by consulting the expert optician, Dr. Vineberg. Masonic Temple. Spectacles and eye glasses correctly fitted to your eyes for $1.00 and upwards. **

ALASKAN AFFAIRS UNDER FIRE

Gifford Pinchot May Testify Before Committee in Regard to Certain Claims—Woman Writer is Upheld.

Washington, July 15.—To erect terminal facilities at Controller Bay, Alaska, would cost about $1,000,000, said Alfred H. Brooks, of the United State Geological Survey, today before the House Committee on Expenditures in the Interior Department, which is investigating the Controller Bay lands.

The committee, which will meet again next Tuesday, may summon as witnesses former Chief Forester Gifford Pinchot, and Secretary of War Stimson, to inquire into a declaration of Miss M. F. Abbott, a newspaper writer, that a map of Controller Bay district containing tracings of the Richard S. Ryan claims had disappeared from the War Department. Mr. Pinchot today advised the committee he recalled seeing such a map on a visit to the Department with Miss Abbott, and that he spoke to the Secretary of War about it. A map made since for the Interior Department, showing the claims and proposed railroad promoted by Ryan, who is alleged to represent Guggenheim interests, has been furnished by Secretary of the Interior Fisher.

A missing map dated December 14, 1910, was shown Miss Abbott about June 1, 1911, she says. It is contended that there was not time for the map to have been made from surveys in Alaska following the President's executive order restoring the lands to entry, and that it must have been prepared on advance information.

In order that the Congress shall have elaborate maps showing conditions in and about Controller Bay, President Taft directed Superintendent O. H. Tittman, of the Coast and Geologic Survey, to make copies of the maps of the region in the possession of the government. The President spent more than an hour looking over the original maps this afternoon. He is convinced that when the Senate sees the government surveys of Controller Bay; the extent of the water front and the length of the channel, it will agree with him that for one man to obtain a monopoly there would be next to impossible. Mr. Tittmann probably will be unable to perfect the new maps before the middle of next week so that the President's report to Congress will not be made before that time.

YARD CLEANING JUBILEE.

What Has Been Accomplished at Rocky Mount With Little Money.

(Special Star Correspondence.)

Rocky Mount, N. C., July 15.—Upon the suggestion of Mr. Thos. H. Battle, Rocky Mount has just pulled off a most successful Yard Cleaning Jubilee. Every housewife in the city was asked to clean up her premises and pile the trash where it would be accessible to the carts. Many hundreds of tons of rubbish and filth came from the yards of rich and poor alike and the city today is in a more sanitary condition than in many years. Especially did the day score a success with the colored people who entered heartily into the spirit and purpose of the occasion. Ten days was necessary to complete the work and the total cost was les than $200.

BLINDNESS IS PREVENTABLE

"Conservation of Vision Day," Is Announced for 1913.

New York, July 15.—One-half of the total blindness in this country is preventable, the American Association for the conservation of vision claims and it announced here today that it will appoint a day in 1913 for the purpose of eudcating the public regarding the importance of good vision and the methods of preserving it. The day will be called" Conservation of Vision Day," and the comparative plan of the association to have practically every person in the United States instructed on that day in the care of the eyes.

Chicago, July 15.—A special committee of railroad commissioners from the States that have railroad and utilities commissions will meet here beginning July 27th to collect evidence relative to express rates throughout the country, according to an announcement today by Chas. F. Staples, member of the Minnesota Railroad and Warehouse Commission.

OUTLINES.

Mrs. Armour, widow of the famous packer, yesterday begun suit against her former friend, Miss Byington, to recover the large amount of money stolen from her by the woman. No attempt at criminal prosecution will be made.——In a resolution introduced in the House yesterday it is stated that "powerful special interests" are making the fight on Dr. Wiley, the famous chemist, who may be ousted from his position.——The Lorimer inquiry took a new turn yesterday when Taft's administration was mentioned by Governor Deneen in connection with the election of the Senator. Testimony in regard to the famous telephone conversation was given during the day.——Former Forester Gifford Pinchot may testify before the committee investigating the Controller Bay matters. The declaration of the woman writer will be inquired into.——New York markets: Money on call nominal, time loans dull. Flour quiet, but barely steady. Wheat spot irregular, No. 2, red new 90 elevator and 91 1-4 f.o.b. afloat. Corn, spot barely steady, export new No. 2, 70 3-4 f.o.b. afloat. Oats spot steady, standard white 43 1-2. Rosin quiet. Turpentine easy.

TERRELL'S ACTION CAUSES A TANGLE

Outcome of Controversy Between Senator and Gov. Smith is Awaited.

SEAT IN SENATE IS VACATED

Georgia Situation is Puzzling—Terrell Emphatically Declines to Return and Governor Smith Still Persists.

Atlanta, Ga., July 15.—"My resignation is with you and it is irrevocable. You nor I can place the responsibility of your conduct. The people will do that."—Senator J. M. Terrell.

"I have not accepted you resignation and shall retain it unaccepted that you may have full time to realize the importance of your continuing the pair which kills a Republican vote in the United States Senate."—Gov. Hoke Smith.

The above statements sum up the situation tonight in the controversy between Senator Terrell and Governor Hoke Smith, who has just been elected United States Senator to succeed Mr. Terrell, who was the ad interim appointee following the death of Senator A. S. Clay about nine months ago.

Following the Governor's statement of last night in which he declined to accept the resignation of Mr. Terrell the latter replied late today in one of the warmest political cards ever issued in a political contest in Georgia.

In his letter Mr. Terrell declares that it would be presumptuous for him to return to Washington, as Senator after Governor Smith had been elected to that position by the Legislature. He asserts that under no consideration will be continue further to discharge the duties of that office. If it is imperative that Governor Smith remain in Georgia as governor, Mr. Terrell says, there is a way in which he can accomplish that desire and still provide for the full representation of the State in the United States Senate.

"The General Assembly can elect another senator at once," he declares. "If you feel that you must stay here notify the General Assembly that you would not accept the senatorship to which you have been elected by it under the assumption that you would go to Washington at once. Then let the General Assembly fill this vacancy which it can do by Tuesday next.

"If the senator so elected wishes to do so he may relinquish the discharge of the duties at your will as you wish me to do and you may then give up the governorship after the adjournment of the present session of the Legislature."

NO UNPATRIOTIC CONDUCT.

Ambassador Wilson Declares Such Statements Were Untrue.

Mexico City, July 15.—Moved by public accounts of alleged unpatriotic conduct at a recent Independence day breakfast attended by President De LaBarra, several members of his cabinet and many prominent Mexicans and Americans, Ambassador Henry Lane Wilson today authorized the following statement:

"Telegrams appeared on July 5th and 6th in many American papers, reporting that at the breakfast which followed the Fourth of July exercises the American ambassador, Mr. Wilson, failed to respond with the customary recognition when the American National air was played, and that he rose to his feet after everyone else had done so.

"This story is without foundation; no such incident occurred and no conversation whatever on the subject took place, and the first news to the Mexican public that there was a charge of such indecorous conduct came with the arrival of the American papers containing the telegram. When the National air was played the ambassador was the first one to rise to his feet, in company with the President. These articles which have been sent to the American press from Mexico are malicious inventions and no way reflect the opinions and sentiments of the American people in Mexico.

"The ambassador makes this statement, not because he believes the public is interested in his affairs, but as the only means in his power of correcting unjust and untruthful attacks calculated to affect the usefulness of the American embassy in this capital."

The telegrams referred to by the ambassador related what purported to be a conversation between himself and President De LaBarra in which Mr. Wilson was quoted as saying that inasmuch as they were eating, he saw no need for them to rise. In consequence, it was said, a movement has been started by the American colony to bring about the ambassador's recall.

The Mexican Herald, commenting on the story, said that "a hundred gentlemen who attended the breakfast know that no such thing happened."

Port Au Prince, Haiti, July 15.—The government troops under command of Gen. Glemeau have re-occupied Valliere without a fight, the insurgents retiring before superior forces. Groups of rebels are now directing their attention to points where the government troops have weakened.

Fuchs' Big Sale is the talk of the town—don't miss it. **

DAY AT THE STATE CAPITAL

Rev. A. J. Moncrief Called—Pardon Mill Grinding—Physicians and Osteopaths at War in Raleigh — Other News.

(Special Star Correspondence.)

Raleigh, N. C., July 15.—A call to the presidency of the Union University, Jackson, Tenn., has come to Rev. A. J. Moncrief, pastor of Tabernacle Baptist church, this city, and the officers of the church and members of the congregation are apprehensive that he will either accept this position or the call to one or another of three or four calls to larger congregations in other cities.

Where the other calls are from is not made public. He is now in Clinton holding a series of meetings. He has been pastor of the Tabernacle about three years and has been quite successful.

Five pardons were issued today by Governor Kitchin. The most notable is for James S. Beckwith, of Fayetteville, a young man of prominent family, being a nephew of B. C. Beckwith, chairman of the State Board of Internal Improvements, he being pardoned from eight-month's sentence to the Cumberland county jail for seriously shooting a collector for a furniture store there with whom he had a quarrel in which the furniture man applied the vilest epithets. The collector has since recovered and left the State and the Governor gives as reasons for the pardon the youth and good character of the prisoner and the fact that he reported to the sheriff a plot of prisoners to break jail.

Hillman High is pardoned from six-year's sentence in Wake county for forgery, because of failure of his eyesight and other serious afflictions; Barnie and Corbitt Hartie, of Rockingham county, are pardoned from two-year's sentence each for larceny because they seem to have been induced to break into a store by an older man, they being mere boys; Arthur Huntley, of Guilford, gets a pardon from six-month's sentence for robbery because the victim believes now that Huntley had nothing to do with the assault and robbery, but that he was merely aiding him when he recovered consciousness after the attack; William Henry Alston, of Halifax county, gets a pardon from four-year's sentence for larceny because it now appears that he intended to take only temporarily a pair of $5 pants.

There is a notable struggle on in Raleigh between the physicians of the city—the allopaths—and the osteopaths presented by Dr. H. W. Glasscock, over the use of the splendid new Rex Hospital by patients who desire osteopathic treatment. It develops that in compliance with a demand by the medical physicians the trustees of the hospital have refused to allow any patient to take osteopathic treatment in the hospital. Only recently a patient who was pronounced beyond the possibility of recovery had to be removed from the hospital before his friends could have the osteopathic treatment tried. Happily he is now recovering, it is said, after the change. The osteopaths are insisting that both medicine and osteopathy should be admitted and charge that the trouble comes of professional jealousies on the part of the medical profession. It is a fact that many of the best people in Raleigh are patrons of the osteopathic treatment and these are coming to resent keenly the attitude that the hospital trustees have assumed. A formal demand is being made upon the trustees for concession to be made for patients who desire to be treated by osteopaths and the contest is being watched with considerable interest.

The jury today returned a verdict of guilty of asault and battery on a woman in the case against Turner Smith on trial for criminal assault on Lillan Whitson, while out driving with her. By special act of the last Legislature simple assault on a woman is punishable with as much as two years in the penitentiary. He might have gotten as much as twenty years for criminal assault. He will be sentenced Monday.

AERO TRIAL IS SUCCESS.

Built to Meet Special Designs of Navy Department.

Washington, July 15.—The naval aeroplane triad, built to meet the special designs of the Navy Department, is being operated with remarkable success by Lieut. Ellyson. Capt. Chambers, in charge of naval aeronautics, received a telegram today from Hammondsport, N. Y., stating that Lieut. Ellyson flew for three hours yesterday in the triad, starting from land and alighting on the water. The feat is much more difficult than a flight in an ordinary aeroplane, as the triad, designed for use on land or water, is supplied with wheels and heavy floats, adding greatly to the weight of the machine.

It is the purpose to make an all-water flight in this aeroplane from Annapolis to Washington over the Chesapeake Bay and the Potomac river as soon as it is thoroughly tried out, and this or another machine of the same type will make practice flights between the battleships of the Atlantic fleet during the Fall gun practice off the Virginia capes.

Peking, July 15.—China has been indulging in the hope that the Anglo-Japanese alliance would not be renewed. The signing of the revised treaty therefore has caused some surprise and disappointment here, but the reiterated pledges regarding China's integrity have been given satisfaction.

Fuchs' Big Sale is the talk of the town—don't miss it. **

MRS. ARMOUR SUES TO RECOVER FUNDS

Widow of Famous Packer Does Not Care to Prosecute Woman Thief.

WAS ROBBED BY HER FRIEND

Lust for Finery Proved Undoing of Miss Byington—Mrs. Armour Makes Statement Regarding the Case.

Kansas City, Mo., July 15.—To recover $142,000 alleged to have been stolen from Mrs. Margaret K. Armour, widow of Simeon B. Armour, the packer, by Miss Harriet Byington, a young woman who for the past three years served as a companion and housekeeper for Mrs. Armour, suit was filed in the Circuit Court here today. Miss Byington had been conducting the majority of Mrs. Armour's business for her and had the keys to her safety deposit box.

Mrs. Armour, in an interview today, said she had no desire to bring criminal action against her former friend, that she was interested merely in recovering her money.

"The fact that Miss Byington is a woman should be no protection to her," Mrs. Armour said. "A woman should suffer for illegal acts equally with a man. Miss Byington should be punished to prevent a repetition of similar thefts. But I do not wish to prosecute the woman who was my friend, and I will not bring a criminal prosecution against her, though perhaps, the county and State authoritiss will feel that it is their duty to see that law-breakers are punished. All I want to do now is to recover my money.

"I understand the main point to be made by the defense is that Miss Byington had a weak mind and that evidences of luxury unsettled it; that she has no money or bonds belonging to me now in her possession; that she spent all the money she has not restored, and that her poor memory does not allow her to remember where or when she made her purchases.

"These statements I know to be false. Miss Byington's memory always was a remarkable one and her mind is lucid. The story that she could have forgotten what she did with my property is laughable to anyone who knows Miss Byington."

Miss Byington is 35 years old. Before entering Mrs. Armour's employ she was a trained nurse. Mrs. Armour paid her $75 per month as her companion.

SPARKS OF LIFE VISIBLE

Physicians Saw It Leave Corpse by Use of X-Ray.

Chicago, Ill., July 15.—The "flight of the vital spark," has been witnessed, according to a statement made today by Dr. Patrick S. O'Donnell, an x-ray expert, who has been following up experiments made by Dr. W. J. Kilner, of London, England.

Some time ago, using a chemicalized film sealed between two thin strips of glass, Dr. O'Donnell gave a demonstration to 20 physicians of the arua, or "electrical radiation" of living bodies, four young women being used as subjects. The aura developed as a strong ray of light surrounding the entire form of the subject.

"Last night," said Dr. O'Donnell, "in the presence of several physicians at Mercy Hospital, I tried the experiment on a dying man. He was rapidly sinking. Suddenly the attending physician announced that the man was dead. The aura began to spread form the body, and presently disappeared. Further observation of the corpse revealed no sign of the aura.

"We do not claim that the light is the soul or spirit. In fact, no one seems to know what it is. In my opinion, however, it is some sort of radiactivity made visible by the use of the chemical screen. My experiments, however, seem to prove that it is the animating power, or current of life of human beings."

HOUSE WILL BE READY.

To Adjourn When Senate Disposes of Legislative Work.

Washington, July 15.—House leaders stated today that all the work necessary to be accomplished in the House at this session would be completed by the time the Senate is ready to adjourn, which will be very soon after the vote on the Arizona-New Mexico Statehood bill on the legislative day of August 7th.

The revision of the cotton schedule for the tariff law is progressing in the House Committee on Ways and Means and will be taken up in the House next week. While it has been suggested that it might be tacked on the wool revision or free list bills as a rider there is no disposition on the part of Democratic leaders of the House to issue a vehicle for delaying the adjournment of Congress.

Pittsburg, Pa., July 15.—Many tons of steel rolled by the Jones & Laughlin Steel Company, and turned over to the McClintic-Marshall Construction Co., of this city, were shipped from here today to the Panama Canal. The shipment, it is said, is practically the first lot of steel sent to the Canal that, in a way, forecasts the completion of the waterway.

Washington	27	54	.407
St. Louis	21	58	.266

Cleveland, July 15.—Cleveland made it six straight victories for the week today, defeating New York 12 to 4. Both Warhop and Fisher were hit hard. Cleveland stole six bases on Blair, working the double steal twice. Mitchell was effective in every inning except the fourth.

Cleveland .....023 112 30x—12 15 1
New York .....101 300 000— 4 9 3

Mitchell and G. Fisher; Warhop, R. Fisher and Blair and Williams; time 1:42; umpires Mullin and Perrine.

St. Louis, July 15.—Plank's pitching and St. Louis' errors won the game for Philadelphia today 2 to 0. Plank also struck out five of the local team.

Philadelphia ....100 000 100—2 9 0
St. Louis .....000 000 000—0 6 3

Plank and Thomas; Powell and Stephens; time 1:50; umpires O'Loughlin and Evans.

Detroit, July 15.—Detroit knocked Wood out of the box today before a man was retired. He passed the first two men and the next three singled. Moser replaced him and Detroit knocked him out of the box in the fourth. Killilay finished and allowed Detroit one hit in the remaining innings they went to bat. Willett was effective in every round but the fourth and fifth.

Boston .....000 130 000—4 11 3
Detroit .....500 400 00x—9 11 0

Wood, Moser, Killilay and Carrigan; Willett and Stanage; time 1:58; umpires Connolly and Egan.

Chicago, July 15.—Errors and opportune hitting by Chicago enabled them to win the first game of the series with Washington 9 to 5. Bodie cinched the game in the seventh by knocking the ball over the left field fence for a home run with two men on bases. The visitors hit Scott hard in the third and took a big lead, but Baker held Washington safe when he entered the game.

GAMES IN THE CITY LEAGUE

Boys' Brigade Whitewashed LeMoyne and the Railroaders, While the Triangle Boys Did Almost as Bad for W. L. I.

Games Yesterday.

A. C. L., 0; Boys' Brigade, 3.
Y. M. C. A., 12; W. L. I., 1.

Standing of the Clubs.

Club—	Won.	Lost.	P. C.
A. C. L.	8	3	.727
Boys' Brigade	5	5	.500
Y. M. C. A.	4	6	.400
W. L. I.	4	7	.364

The first game in the scheduled double-header at League Park yesterday afternoon was carried off with all the honors by the Boys' Brigade, they having the privilege and honor of administering the first complete coat of whitewash to the Railroaders of the season. LeMoyne, in the box for the railroaders, yielded only three hits, while his worthy opponent, "Red" Quinney, let them hit him for only four safe bingles.

As aforementioned, the game was somewhat of a pitchers' battle throughout and would have run to extra innings had not the Brigade discovered a prescription for placing the properly signed sphere in the parts of the field not occupied by players in action in their half of the seventh, running three men across the plate in quick succesion, while others ran the bases in wild abandon, to the utter consternation of the erstwhile invincibles. Dismissing the usual stuff about the weather, which was perfect, and the attendance, which was pitiably small, this is how the Brigaders turned the trick in the epochal seventh:

Gore drew a pass on four bad ones and stole second; Lacy fanned; Burnett hit one to LeMoyne who tried to cut Gore off at third, and reached first, while "Skeet" and Hines were passing the ball back and forth, until finally Emerson dropped it and all were safe. Clarence Davis hit down first base line, and Charlie Terry trying to get the ball with one hand, made his first error of the season, Gore scoring. Watson hit a long one to left which Gus Wright misjudged and Burnett and Davis pranced across while Skeet was making his second error trying to catch Burnett at third. Quinney went out at first and Smith struck out. This ended the scoring for the afternoon.

The game was called at the end of the eighth inning on account of time being up. The Coast Line players kicked strenuously and used some pretty stiff talk about "fairness," "partinility," and the like, but they could not deny that the agreement was to call the first game at all times at 4:45 although there was ground for their protest as the rule had been broken on previous occasions.

The Tabulated Score.

A. C. L.—	AB.	R.	H.	PO.	A.	E.
Grainger, 2-b	3	0	0	6	2	0
Emerson, ss	3	0	0	0	1	2

LeMoyne, p	3	0	0	0	3	0
Totals	25	0	4	24	9	4

Boys' Brigade—	AB.	R.	H.	PO.	A.	E.
Smith, cf	4	0	0	0	0	0
Montgomery, ss	4	0	0	3	1	0
Mintz, rf	3	0	1	0	0	0
Gore, 2-b	3	1	0	2	2	0
Lacy, 3-b	3	0	1	1	3	0
Burnett, 1-b	2	1	0	13	0	0
Davis, C., lf	3	1	0	0	0	0
Watson, c	3	0	1	5	1	0
Quinney, p	3	0	0	0	5	0
Totals	26	3	3	24	12	0

Summary—Hit by pitched ball: by LeMoyne 1; bases on balls: by LeMoyne 8; struck out: by LeMoune 7, by Quinney 5; left on bases: A. C. L. 3, Boys' Brigade 2.

The Second Game.

We call your attention to the fact that the Triangle Boys warned you to leave the floral pieces, the store clothes and the white gloves at home. They said it would be no occasion for "Lead Kindly Light," and that stuff about friends and relatives passing slowly to the right for a last look at the dear departed. The Y. M. C. A. dead, eh? Well, they were just about the liveliest little corpses Mr. Whitehead ever encountered, and we will bet a little money on this and let him rise on his lean legs and make answer.

Let us not, in passing, fail to say something about Mr. Hines. We believe we said something in the public prints about he being the hope of the Triangle boys. Hope springs eternal, you remember, and he was the hope all right, alright, even though there were times when he seemed pretty badly sprung. He got away with it and that's what counts, you know. Speaking strictly from a selfish standpoint for the majority of the fans the game was great. The tailenders who had the sympathy of the grandstand, won, which satisfied everyone, no matter how they done the stunt.

But for the greatest variety of all the different kinds of baseball carried in the repertoires of any baseball nine, it is safe to stack the Infantry team against anyone in the country. One day they will hand out a brand that makes you think Ty Cobb, Eddie Collins Larry LaJoie and Sockless Jackson and some other of their ilk are just beginners, as demonstrated by the 3 to 4 game with the Railroaders a week ago, and the next time you sit up and rub your eyes and wonder whether it's a ball game or just an imitation or an exhibition in optical illusion.

With five hits and as many or more errors thrown in, the Triangle team put just ten men across in the third inning and supplemented this with a colple more in the fourth. The Infantry boys succeeded in putting a lone score on the board in their part of the fourth act, and for the remaining innings things settled down to par and there was nothing more doing, except an occasional hit and more occational error.

We regret our inability to give the tabulated account of this seance, but at a late hour last night the scorer was still wrestling with that third in ning, while beads of perspiration resembling the standard size sphere played hide and seek down his furrowed forehead, he finally going off into a feverish stupor, rousing occasionally to mutter "can the team."

Monday at Fuchs' Big Sale every customer purchasing 50c. worth or more of goods will receive absolutely free a rubber balloon. **

WRIGHTSBORO SLUGGERS

Took Both Sections of Double Header From Baracas Yesterday.

Wrightsboro put it over the Baracas in two interesting contests at Wrightsboro yesterday, winning the first by the score of 2 to 1 and the second by the score of 10 to 1.

The first game was a pitcher's battle throughout between Boswell, for Wrightsboro and Penny for the Baracas, the former allowing three hits and striking out sixteen, while the latter struck out eight and though touched up for seven hits was especially effective with men on bases. The second game was easy picking for the locals, they slugging the ball at will, while the visitors only secured three swats. The batteries: First game, Penny and Walsh, for the Baracas; Boswell and Eason for Wrightsboro. Second game: Snead, Meier and Sweeney for Baracas; Janicke and Janicke for Wrightsboro.

EPIDEMIC TYPHOID FEVER.

Little Rock Appeals to Federal Authorities to Aid in Fight.

Little Rock, Ark., July 15.—Following an appeal to the Federal authorities in Washington for aid in fighting an epidemic of typhoid fever in Little Rock, Governor Donaghey was today advised that Dr. W. H. Frost, an expert in the National hygienic laboratory, is now on his way to this city.

Dr. Hoffman, chairman of the board of health, reports that the area of infection lies within three blocks of the city park, where the Confederate reunion camp was located. He says the disease, which became epidemic several weeks ago, is due to a lack of sanitary precautions.

Reports to the city physician show there are now 121 cases of typhoid fever.

DELGADO VICTORIOUS.

Take Both Divisions of Double-Header from Coast Line Jrs.

In a double-header played on the Delgado diamond yesterday afternoon between the A. C. L. Jr., team and the Delgado nine, the locals were able to take both ends, the score for the first contest being 5 to 3 and the latter 7 to 6. The game was well played, the battery work of all teams being exceedingly good. The Coast Line Jrs., have a good aggregation of players as well as the Delgado team and the contest between them is becoming quite warm as the season progresses. They have several more games scheduled which promise to be interesting meets.

Parson's Poem A Gem.

From Rev. H. Stubenvoll, Allison, Ia., in praise of Dr. Xing's New Life Pills.

"They're such a health necessity, In every home these pills should be. If other kinds you've tried in vain, USE DR. KING'S And be well again." Only 25c. at R. R. Belamy's.

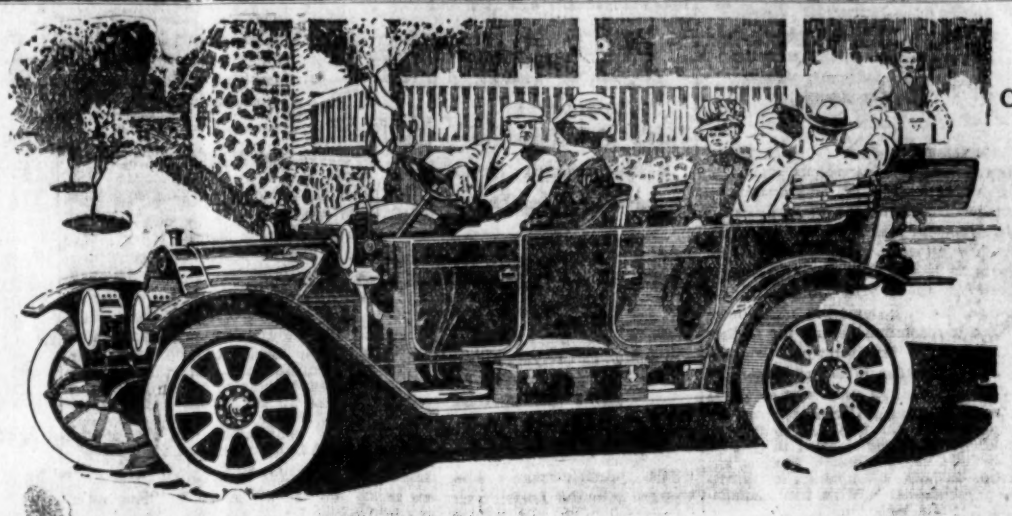
CHALMERS-MOTOR-CO. Detroit, Mich. U.S.A.

This monogram on the radiator stands for all you can ask in a motor car



Chalmers "Thirty-six" $1800

Long stroke motor—4¼x5¼
Chalmers self-starter
Four-speed transmission
Demountable rims
36-inch by 4-inch tires
Bosch dual ignition
Ventilated fore-doors
Solar gas lamps, oil lamps
Prest-O-Lite tank
Lamps black enameled

Chalmers Motor Cars for 1912

"30" Touring Car, 5-passenger, $1500—Regular equipment: Magneto; gas and oil lamps; Prest-O-Lite tank; top; windshield; ventilated fore doors; horn; tools.

"30" Torpedo, 4-passenger, $1500—Regular equipment: Same as "30" Touring Car.

"30" Torpedo Runabout, 2-passenger, $1500—Regular equipment: Magneto; gas and oil lamps; Prest-O-Lite tank; top; windshield; tire irons; tools, etc.

"Thirty-six" Touring Car, 5-passenger, $1800—Regular equipment: Chalmers self-starter; Continental demountable rims; Bosch dual ignition system; black enameled Solar gas lamps and oil lamps; Prest-O-Lite tank; 36x4" tires; four forward speed transmission; long stroke motor—4¼x5¼; ventilated fore-doors; tire irons; horn, tools, etc. Top and glass front, $100.

"Thirty-six" Torpedo, 4-passenger, $1800—Equipment: Same as Touring Car.

"Thirty-six" Berlin Limousine, $3250—Including full equipment.

"Thirty-six" Cab Side Limousine, $3000—Including Equipment.

"Forty" Touring Car, 7-passenger, $2750—Regular equipment: Bosch dual ignition; black enameled Solar gas and oil lamps; Prest-O-Lite tank; Chalmers Mohair top; auxiliary seats; ventilated fore-doors; windshield; 36x4 tires; tire irons; horn, tools.

"Forty" Torpedo, 4-passenger, $2750—Regular equipment: Same as Touring Car.

"Forty" Detachable Pony Tonneau, 4-passenger, $2750—Regular equipment: Same as "Forty" Touring Car.

HERE are the motor car pace makers for 1912—the Chalmers "30," $1500—the Chalmers "Thirty-six," $1800. These cars win their way to your approval by sheer merit. They set new standards of motor car values.

When the Chalmers "30" was first announced four years ago, the words "astounding value" were used to describe it. It set a new standard.

Each season since, by better factory methods, by improvements and refinements, we have greatly increased the value of the car without increasing the price. Each year the verdict on Chalmers cars has been "best value at the price."

Our Astounding Values

And now for 1912 we say to you, the motor buying public, with perfect assurance, that this year more than ever before we offer you "astounding values."

The "30" remains the leader among $1500 cars. The new "Thirty-six" at $1800 represents a further development along the lines of greater size and increased power. The reliable, standardized, beautiful, "Forty" is continued for those requiring a car of unusual power and 7-passenger capacity.

"30" Fully Equipped $1500

We ask you to remember these facts: The Chalmers "30" was the first genuine automobile to sell at a medium price. No car of equal value ever has sold for the same price or for less.

Remember that this is the car which was driven 208 miles a day for one hundred days in succession; that made the trip from Denver to Mexico City; that for two years won more contests in proportion to the number entered than any other car; that has never been defeated by a car of its price and power; that holds the world's light car speed record; that won the hardest Glidden Tour ever held.

Please remember further that this is the car with the most advanced design; the car that has been more widely copied than any other.

Buy a Beautiful Car

Remember this car has a grace of line and beauty of finish which the costliest cars do not excel; that it has given satisfactory service to 15,000 owners; that it is backed by the Chalmers guarantee.

Last year this car sold for $1750, equipped with magneto, gas lamps, top and windshield.

Think of it this year—refined and improved in every possible way, with thoroughly ventilated fore-door bodies, inside control, magneto, gas lamps, Prest-O-Lite tank, and including also Chalmers mohair top and automatic windshield—for $1500!

We think you will agree that "claims" are unnecessary in view of such value at such a price. The facts are eloquent and convincing.

New Model "Thirty-six" $1800

When we considered bringing out a new model, the Chalmers "Thirty-six," we instructed our engineers to build a four cylinder, five-passenger car that would leave absolutely nothing to be desired.

We said we would fix the price when the car was ready. We think that in the Chalmers "Thirty-six" we are offering a car that leaves nothing to be desired.

What more could you ask in a car than you are able to get in this one?

More power, perhaps? You really could not use more than the splendid long stroke motor will develop. With large cylinders and long stroke (4¼" x 5¼") the new motor is a great puller at high speed; a wonderful hill-climber; and will give you all the speed you want. Though called a 36 it actually develops 40 h. p.

Four-Speed Transmission

Greater flexibility? The four forward speed transmission—a feature until now found only on the highest priced makes—gives a flexibility of control hitherto unknown on medium priced cars.

Direct drive is on the fourth speed. A third speed is provided which will carry you over the hardest grades without loss of time. If a very steep hill is encountered, you can still drop back to second, which is powerful enough for the steepest grade and yet much faster than first speed of an ordinary car.

Do you ask more room in the body? This body is as roomy as any five-passenger car built. It is a big body. If it were any bigger, it would become awkward and less comfortable.

More comfort? We honestly believe that it is not possible to buy a more comfortable car at any price. The big wheels and tires—36 x 4—the ample wheel base, sturdy frame, ¾-elliptic rear springs, tilted, luxuriously upholstered seats, afford the passengers the acme of riding comfort.

Chalmers Self-starter

Greater convenience? The new Chalmers compressed air self-starter does away with the last of the original inconveniences of automobiling.

This starting device is built in the Chalmers factory. It is not an accessory added to the car, but an essential feature. With it there is no need of cranking. Any woman can now drive a Chalmers car. The compressed air of the self-starter can be used for inflating tires.

Convenience has been considered in little things, too. The control levers on both the fore-door and torpedo bodies are located inside the body.

A dash adjustment enables the driver to adjust the carburetor without leaving his seat.

Consider These Details

As to details of finish, we ask you to compare the "Thirty-six" with any car selling up to $4000.

Body fittings are of the luxurious type found on high priced cars. Black enamel finish instead of brass is used on metal parts, such as door handles, coat rail, hinges, lamps, etc. An option of nickel plating, at an extra cost of $50, is offered.

The ventilated dash is covered on the inside with leather. The tonneau floor is covered with cocoa mat. The front foot board and the running boards are covered with dark gray linoleum.

Other details of construction which show the care expended on little things are: The beautiful doors, two handles on each door, permitting opening from the inside; scuff plate on the fender where it joins the running board; large, completely equipped tool box on the running board; smooth finish of bonnet and fenders, all rivet heads being entirely concealed; improved Mercedes type honeycomb radiator such as you find on the high priced cars. Many other exclusive features you will note when you examine the car.

"Thirty-six" Already Proved

Do you ask greater reliability in a motor car? Probably no new model has ever received more thorough testing before being offered to the public.

Months ago—in November, 1910—we completed the first three cars of the "Thirty-six" type.

One of these was sent to Uniontown, Pa.; where for four months we kept it going day in and day out, up and down the celebrated Uniontown Hill and other Pennsylvania hills. Motorists know there is no severer hill-climbing test.

The second of these cars was sent to Florida, where, for weeks, it was driven through heavy sand in the hottest weather.

The third car, driven through the Middle West, averaged 200 miles a day for 8000 miles.

The motors for the new models were tested on the block, running 1500 revolutions per minute, 24 hours a day for weeks at a time.

It seems almost incredible, but it is the absolute truth, when we tell you that in all of our testing of this car and its motors we have never broken down a single motor, transmission, or other vital part.

We have tested not only one car but a number of them; we have tested not only one motor, but many; we have not driven a few hundred miles, but tens of thousands of miles.

And we have done all this so that we might be able to stand behind an absolute guarantee of all of the parts of this car for one year and a further guarantee of Chalmers service.

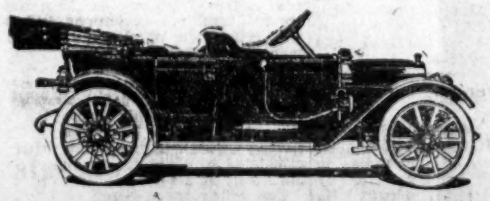
Our Cars Fully Guaranteed

We guarantee Chalmers cars to be free from defects in material and parts. For one year from date of delivery we will replace free any defective part, if returned to our factory for inspection.

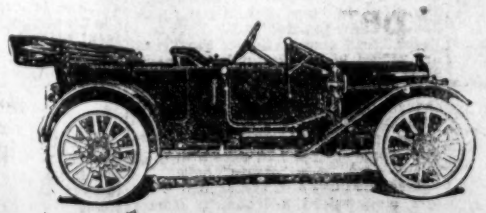
The parts of Chalmers cars are made from the best materials obtainable, and they are built, for the most part, in our own factory. Hence we are perfectly safe to guarantee them.

We really believe, whether you buy a Chalmers or not, it is worth your while to see the new cars.

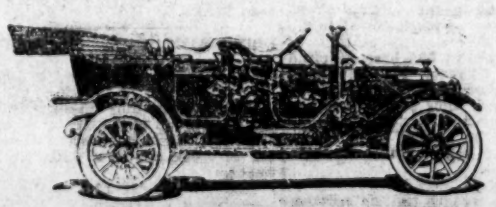
We invite you to come in and see the new models. Early deliveries are assured.



"30" Touring Car, 5-passenger, $1500
Including magneto, Prest-O-Lite tank, gas lamps, oil lamps, Chalmers mohair top, automatic windshield, ventilated fore-doors, horn and tools.



"Thirty-six" Torpedo, 4-passenger, $1800
Including Chalmers self-starter; Continental demountable rims; Bosch dual ignition system; black enameled Solar gas lamps and oil lamps; Prest-O-Lite tank; 36x4 tires; four forward speed transmission; long stroke motor—4¼x5¼; ventilated fore-doors; tire irons; horn, tools, etc. Top and glass front, $100.



"Forty" Touring Car, 7-passenger, $2750
Including Bosch dual ignition system, black enameled Solar gas lamps and oil lamps, Prest-O-Lite tank, Chalmers mohair top, auxiliary seats, ventilated fore-doors, windshield, 36x4 tires, tire irons, horn, tools.

SUIT AGAINST THE CITY.

Complaint Filed in Action Brought for $5,000 Alleged Damages.

Complaint was filed in Superior Court yesterday morning and served on Mayor Joseph D. Smith just preceding the meeting of the Council at noon in the case of A. D. Hewlett by his next friend, J. D. Hewlett, his father, against the City of Wilmington. The plaintiff, who is 16 years old, claims to have been seriously injured on the night of January 5th, 1910, by being precipitated to the ground when his foot got caught between the curbing of the street and an iron piping protruding out of the ground near the curbing at the intersection of MacRae and Grace streets.

It is alleged that the defendant is liable because it allowed a large and dangerous piece of pipe used for water mains, made of iron, to remain exposed, lying on the ground in the way of pedestrains and hidden from view of anyone coming from a westerly direction and going in an easterly direction, as the plaintiff claims to have been going at the time of the accident. It is further set out that plaintiff was ill for a month, being confined to his bed all of this period, then suffered relapse and went to bed again for a few days; then sufferd a third relapse and went to bed for five weeks, his leg swelling, it is alleged, until it burst; then swelling again until it burst and this for five times in succession. The plaintiff claims that he is still ill from the effects of the accident and seeks to recover $5,000 as damages. In the second cause of action it is set out that the pipe was allowed in the street for 15 days prior to the accident and that the city knew this or had time enough to find out for itself. B. G. Empie, Esq., represents the plaintiff.

KNOCKED DOWN BY STREET CAR

Mr. S. Einstein Suffered Accident Last Night on Front Street.

Crossing the street car tracks on Front street, almost in front of The Orton, last evening at 8:30 o'clock, Mr. S. Einstein, father of the Einstein brothers who conduct the large wholesale dry goods establishment on Front and Grace strets, suffered a painful and possibly serious accident when he was knocked down by Belt Car No. 4.

Mr. Einstein, who is 77 years of age and is said to be hard of hearing, was crossing the street and walked in front of the car, in charge of Conductor S. W. Shepard and Motorman B. C. Jones. Mr. Jones made every possible effort to stop the car, throwing on all brakes, and shutting off the power, but the fender struck Mr. Einstein and knocked him down.

He was carried to his home in the Carolina Apartments in Mr. Charles B. Taylor's automobile and Dr. Joseph Akerman was summoned. Dr. Akerman stated last night that Mr. Einstein was badly bruised and that he also sustained several gashes, but that considering his age he was doing well, and that the outlook was favorable. Hundreds of friends throughout this section of North Carolina will learn of the accident with much regret and will hope for his speedy recovery.

Another Meeting of Colored People.

The Good Roads and Sanitary Association, an organization composed of the best of the colored citizens of the city, will hold a meeting at Mt. Zion church, colored, Fifth and Nixon streets, this afternoon at 5 o'clock. There will be a number of interesting talks, by both white and colored speakers. A cordial invitation is extended to white persons, as well as the colored population, who may be interested.

Mr. Seece Removed from Force.

Mr. L. J. Seece, who has been on the local police force since April 1st last, has been removed by Commissioner B. C. Moore, in charge of the department of Public Safety. Mr. Seece was suspended a few days ago by Chief of Police John J. Fowler for having been found asleep on his beat twice in the same night.

—Rev. C. F. Whitlock, pastor of Brooklyn Baptist church, returned to the city yesterday from Lumberton, where he assisted in a revival at Clyborne church. He will occupy his pulpit at both services today, morning, at 11 and evening, at 8 o'clock. His subject this morning will be, "The Christian's Great Work" and tonight his theme will be "The Sinner's Return." Sunday school at 3:30 P. M.

The Recorder's Court.

Before Substitute Recorder Geo. Harriss, who officiated in the absence of Recorder John J. Furlong, a number of cases of minor importance were heard yesterday morning. G. Sessoms, white, who claims to be from Conway, S. C., was found guilty of carrying a concealed weapon and was fined $25 and costs. Judgment was suspended in the case against D. H. Croaker, a white tramp, charged with drunkenness and vagrancy on the condition that he make himself scarce in this neighborhood ere nightfall. Thomas Whitehead, a white boy of 12 years, was charged with throwing stones within the city limits and the case was dismissed on account of his youth.

THREE WOMEN DIE OF GAS.

Mother and Daughters Are Found On the Floor of Their Bed-room.

New York, July 15.—Julia Cali and her two daughters, Angelina and Anna, aged 16 and 17, were found dead on the floor of their bed-room in Brooklyn today, suffocated by gas.

The police have not settled whether their deaths were accidental or a case of double murder and suicide. All the windows were shut and the gas was flowing from an opened jet.

Kill More Than Wild Beasts.

The number of people killed yearly by wild beasts don't approach the vast number killed by disease germs. No life is safe from their attacks. They're in air, water, dust, even food. But grand protection is afforded by Electric Bitters, which destroy and expel these deadly disease germs from the system. That's why chills, fever and ague, all malarial and many blood diseases yield promptly to this wonderful blood purifier. Try them, and enjoy the glorious health and new strength they'll give you. Money back, if not satisfied. Only 50c. at R. R. Bellamy's.

RAILROAD ASSESSMENTS.

Atlantic Coast Line Complains of Too High Valuation.

(Special Star Correspondence.)

Raleigh, N. C., July 14.—George B. Elliott, assistant general counsel, and C. J. Joseph, tax agent for the Atlantic Coast Line, were here today in conference with the Corporation Commission with reference to the tax assessment that the commission has made against the Coast Line, the railroad officials setting up the contention that the new assessment is too high. It is learned that the Commission has about finished the assessment of railroad property, this being the regular quadriennial period for general reassessment of the physical property of the railroads and property generally throughout the State. Also it is learned that the railroad assessments show very material increase over the assessments in force for the past four years. However, the Corporation Commission has, they set out, been governed by the general showing of earnings and that the assessments are well within the bounds of reason. With the big advances in tax valuations in railroad and other corporate property and the general advances in valuations of eal estate the State over there are being reported by the county tax assessors, there is every assurance that the State and the county governments will have all the revenue they can possibly need for the next two years and that the 1912 Legislature will have an opportunity of materially reducing the tax rates, this reduction to extend to the county and the municipal governments. It is said that the school funds in many counties will show an especially big increase owing to the material raise in the tax rate that was made for the schools by the recent Legislature. Indeed, it is said that some counties will have more school funds this year than they will know what to do with.

SUNDAY SERVICES.

Announcements by Wilmington Pastors for Pulpits Today.

St. Thomas' church—First mass, 7 A. M.; last mass sermon, 10:30 A. M.; vespers, 7:45 P. M.

STORE ROBBERS ARRESTED.

Negroes Wanted at Rocky Mount Captured at Selma, N. C.

(Special Star Correspondence.)

Rocky Mount, N. C., July 15.—In the arrest this morning of three negroes at Selma, N. C., the police believe they have rounded up a band of thieves that has been operating up and down the Atlantic Coast Line from Fayetteville to Weldon, several robberies having been recently reported, all accomplished in much the same manner. Last night the store of W. D. & C. A. Cochran was robbed by means of breaking a rear window, three or four grips, shoes, clothing, ats, etc., having been stolen. The police got busy notifying towns along the route supposed to have been taken by the thieves and a telegram came from Selma stating that the negroes had been arrested. Policeman J. M. Reams will return with the prisoners tonight and they will be given a hearing Monday.

MRS. LUKE LEA IMPROVES.

Ocean to Mountain Race May Save Her Life.

Denver, Colo., July 15.—Mrs. Luke Lea, wife of Senator Lea, of Tennessee, lies tonight at the family's Summer home, her present condition being strongly favorable to ultimate recovery as the culmination of her ocean to mountain race with what was feared might be approaching death.

Late today Senator Lea gave out the following statement:

"Mrs. Lea stood the trip well. The change in climate appears to have been most beneficial and gives encouragement to hope for her ultimate recovery."

So quiet was the arrival of the Leas last night that not even officials of the Union Pacific over whose road the special car traveled from Omaha knew of the successful completion of the 2,000 mile rail race to save Mrs. Lea's life.

WHITEVILLE AFFAIRS.

Automobile Parties En Route—Race for Congress—Panama Canal.

(Special Star Correspondence.)

Whiteville, N. C., July 15.—An automobile party from Red Springs, consisting of Messrs. W. E. Sikes, J. H. Townsend, L. M. Cook and John J. Thomas, spent the night at the Columbus Hotel, being en route to Wrightsville Beach. A number of people are passing through our town in motor cars going to the beach and Lake Waccamaw. The completion of that highway will greatly assist both your city and its neighboring pleasure resorts by attracting visitors.

The publication of Hon. George H. Bellamy's statement in the Star that Congressman Godwin would not offer for re-election two years hence, but support him (Bellamy), has created a good deal of comment in this county. No one objects to Mr. Bellamy making the race, but the voters deny the right of Messrs. Godwin and Bellamy to form a slate ticket. Other counties besides Brunswick would like to have a word in furnishing the successor of Mr. Godwin, and among the number is Columbus. As a gentleman remarked yesterday, when he read that article, "Congressman Godwin has already rewarded Mr. Bellamy by appointing his son to the best position within his gift, and our Congressman had other staunch supporters who should come in for a part of his heritage. But the general impression is that the voters of the Sixth District will insist on having a word in selecting a Congressman, and not leave the work to two men.

Editor Gantt, of the News-Reporter, in the next issue of his paper, comes out in an editorial suggesting that Wilmington get up an exposition, or some suitable gathering to celebrate the opening of the Panama Canal in 1913. He contends that this canal will be of greatest benefit to the Southern States and no city on the South Atlantic or Gulf Coast will reap a greater part of said benefits than Wilmington, as that is the first point where European commerce and shipping will touch after crossing the ocean. Wilmington need not get up as big a show as San Francisco, but it should let the world know its location and that it will be the great commercial center for the eastern part of the North American continent.

KILBANE GIVEN DECISION

After 20-Rounds Bout With Patsy Kline, of Los Angeles.

Los Angeles, July 15.—Johnny Kilbane, of Cleveland, Ohio, was given the decision at the end of his 20-round fight with Patsy Kline, of Newark, at Vernon Arena today. With the exception of Kilbane's clever boxing and fancy foot work, the only feature of the fight was Kline's knock down in the eighth, when he caught Kilbane with a terrific left swing to the jaw and stretched him on the floor in a neutral corner. Kilbane took the count of five and thereatfer was more skillful in ducking away from Kline's attempts to land.

Kilbane will meet Joe Rivers at Vernon, on Labor Day, in a 20-round bout at 122 pounds.

The Banquet to Henry Clay in New Orleans in 1842 Cost $100 per Plate

Never before had the historic old St. Louis Hotel, near the famous French Market Place, contained such an assemblage of beautiful women and famous men. Here it was that Henry Clay made his only speech in Louisiana, and with matchless eloquence paid a glowing tribute to the beauty of Southern women. Before and after this banquet the guests sipped the famous French Market Coffee, as was the custom in those days. Then this famous beverage could be had only at the French Market. Now you may serve it at your own table, for the old French Market blend is perpetuated by

The Same Unique Hygienic Roasting Process
"There is but one French Market flavor"

You can obtain this rare coffee blend with all the enticing aroma and natural strength preserved, for we pack it in hermetically sealed cans. And it is untouched by human hands from plantation to the cup. Order from your grocer today. Try some, and you will agree that there is only one French Market flavor.

FREE TO YOU—MY SISTER

Free to You and Every Sister Suffering from Woman's Ailments.

I am a woman.
I know woman's sufferings.
I have found the cure.

I will mail, free of any charge, my home treatment with full instructions to any sufferer from woman's ailments. I want to tell all women about this cure—you, my reader, for yourself, your daughter, your mother, or your sister. I want to tell you how to cure yourselves at home without the help of a doctor. Men cannot understand women's sufferings. What we women know from experience, we know better than any doctor. I know that my home treatment is safe and sure cure for Leucorrhoea or Whitish discharges, Ulceration, Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Uterine or Ovarian Tumors, or Growths; also pains in head, back and bowels, bearing down feelings, nervousness, crossing feeling up the spine, melancholy, desire to cry, hot flashes, weariness, kidney, and bladder troubles where caused by weaknesses peculiar to our sex.

I want to send you a complete ten day's treatment entirely free to prove to you that you can cure yourself at home, easily, quickly and surely. Remember, that it will cost you nothing to give the treatment a complete trial; and if you wish to continue, it will cost you only about 12 cents a week or less than two cents a day. It will not interfere with your work or occupation. Just send me your name and address, tell me how you suffer if you wish, and I will send you the treatment for your case, entirely free, in plain wrapper, by return mail. I will also send you free of cost, my book—"WOMAN'S OWN MEDICAL ADVISER" with explanatory illustrations showing why women suffer, and how they can easily cure themselves at home. Every woman should have it, and learn to think for herself. Then when the doctor says—"You must have an operation," you can decide for yourself. Thousands of women have cured themselves with my home remedy. It cures all old or young. To Mothers of Daughters, I will explain a simple home treatment which speedily and effectually cures Leucorrhoea, Green Sickness and Painful or Irregular Menstruation in young Ladies. Plumpness and health always results from its use.

Wherever you live, I can refer you to ladies of your own locality who know and will gladly tell any sufferer that this Home Treatment really cures all women's diseases, and makes women well, strong, plump and robust. Just send me your address, and the free ten day's treatment is yours, also the book. Write to-day, as you may not see this offer again. Address

THE MORNING STAR

Published by the
WILMINGTON STAR COMPANY, INC.,
Wilmington, N. C.

Entered as second-class matter at the postoffice at Wilmington, N. C., under Act of Congress, March 2nd, 1874.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months; 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Sunday, July 16, 1911.

A great many Democrats are supporting Taft's only hope.

No community without public spirit will have the ghost of a show.

Senator Heyburn can have our share in the kind of July we have had so far.

Oyster Bay has forgotten that it was ever on the map. Nothing worth mentioning is now being said in that neighborhood.

"Way Down in Georgy" a few days ago, officers captured a wagon containing corn whiskey concealed beneath a lot of straw. This shows that a Georgian goes prepared to give a straw bond in the event of trouble.

Says the Atlanta Journal: "Where is the old-fashioned 'parlor' whose furniture was covered with linen and whose shades were always drawn?" It's gone with the tall piano lamp, which was never turned so high as you'd notice it.

It is the fundamental principles of a party that the average man stands for and not the make-shift planks that are worked into a platform with plain motive and studied design. A great many planks are inveigled into the platforms of both parties.

Mrs. Abbott, the magazine woman, claims to have seen that Dick-to-Dick epistle, now mysteriously missing at Washington, but in order that some rapscallion may be vindicated, they are going to make it appear that she has a gift for purely literary fiction.

While other cities are complaining of heat, we have been having ice in Wilmington every morning. Down at the seashore the blankets are never packed away. Life over here on the rim of the ocean consists of breezes, surf bathing, and seeing pretty girls from Georgia and everywhere else.

Those interested in good roads should not fail to read in today's Star, an intensely interesting article exploiting a proposition for a system of good roads for the entire Republic. The subject gets bigger every day. Next to railroad development improved highways is the most important factor in the progress of the country.

The North Carolina Letter Carriers' Association is an intelligent and progressive organization. At its annual meeting in Asheville the association took a strong stand for good roads, and it should have a powerful effect on people who never give the question a thought. Good roads mean more and better rural delivery service, besides all the other benefits, and the man who opposes highway improvement heads off the postman and progress.

The people of the United States voted for relief from the infamous Payne-Aldrich tariff. President Taft, knowing what the result of the 1909 elections meant, could have called Congress in extra session to heed the will of the people, but he called Congress in extraordinary session to heed his will, which was reciprocity with Canada. This is like throwing a crumb to a whale, but Congress is swallowing the Taft idea, lock, stock and barrel, since he insisted that no ramrod should be included. The vote in America in 1909 meant that tariff reduction was demanded. The next thing to it would have been reciprocity with the world. The President had a chance to offer extensive relief in the world-wide way, but he sprung a trade with Canada and its 9,000,000 people! The people asked for bread! A stone was tossed to them in its stead. Shall it be said that North Carolina Democrats don't know any better than to scrap over the stone?

ADAM AND THE LIKES OF HIM.

One of Adam's greatest faults was in being led astray and then in trying to put the blame on somebody else. With a show of great sincerity, he acknowledged the corn, but his own statement of the circumstances proved that he was the willing victim of a mere hand-out, showing that he was a man who would sit down and wait for things to come his way.

Adam's Biblical biography also shows that he was weak enough to become a silent partner in a wrong and then turn out to be the loudest kind of witness at the investigation. He surely tried to leave Eve the entire bag to hold. He lacked vigilance or else he would have kept his eye on Mother Eve, who possessed the feminine curiosity and initiative that prompted her to stroll around and see the sights. In the mean time Adam remained at home and was the original individual who sat down and just waited for trouble to come and be put all over him. He was the first grafter to be led astray by a tempting offer, and his punishment simply proves that a man who accepts a bribe is as weak and mean as a man who plays upon his cupidity or avarice. Owing to what happened to Adam, we are pretty well satisfied he got what was coming to him, because he turned out to be a man who could be bought cheap and led around by the nose. Even so, any man who permits himself to be led around by the proboscis and steered up to the feed trough can't expect anything else than to be turned out of house and home.

Most everybody's family tree can be traced back to Adam, but thousands will acknowledge it while trying to prove that they are an improvement on their original ancestor. Nevertheless, many of his traits have been inherited and he has many a son-of-a-gun that will permit themselves to be sought up by men who want to go to the Senate or who pretend to love Uncle Sam while they are swiping and fencing off the principal part of his real estate. Judging from what they are telling on Uncle Sam, he has largely inherited the traits of Adam, who parted with his holdings in Eden for the simple privilege of helping to eat a mere apple.

Likewise, investigations around about Washington show that for the equivalent of 30 cents Uncle Sam has been and is liable to at any time to be induced to part with coal holdings and lands worth millions and millions of dollars. Since it appears that Uncle Sam acts like a slack wad and doesn't seem to know his hangers-on have been getting him to bet on their game of "the bean under the thimble." we do not hesitate to say that he needs a guardian—somebody like Woodrow Wilson, Judson Harmon, or Champ Clark, or vice versa, or alternately, whichever the case may be. Wherefore, it is time for Uncle Sam to learn better, even though he has been under Republican influence so long he doesn't seem to know the difference between an apple proposition and a purse containing six nickles. The people have found that out on him and that is the reason they have men like Champ Clark and Oscar Underwood presiding over the evil geniuses, or genii as the college professor would say. Be it said that if Uncle Sam doesn't quit being a chump and acting like Adam, he surely is bound to be slided right onto the bumps and sent to grass along with Adam. As it is, he has been eating out of the hand of Big Business so long they have doled out peanuts to him till he has come within an ace of losing his self-respect.

There is no fable, but it teaches that men who vote and men for whom they vote must get the Adam out of them. They must quit taking everything that is handed to them by all sorts of men, quit being led around by the nose, quit eating and smoking with slick ducks and quit letting Uncle Sam be rolled for his money. About the best thing we know of for his good is for every man to be a Democrat and not divide up on little questions which cut no ice with the main question. Therefore, about the only thing that will ultimately keep Uncle Sam from being put out on the grass with a ham sandwich is Democratic harmony, and that is the main question.

By the way, in this instance Father Adam is only an innocent bystander and was dragged into it so we could make a hit.

MUCH ADO ABOUT NOTHING.

The Star has no candidate for the United States Senate, but entertains the kindliest and most appreciative sentiments towards all the four distinguished gentlemen who are candidates for the Senatorial seat to be filled in 1913. That is a good ways off, but in the meantime the campaign seems to be on right now and evidently will proceed to the finish in a most vigorous manner. In truth, the contest has taken on such evident heat this early in the game that we can but deprecate the prospective disturbance of Democratic harmony in North Carolina.

As we said before, we esteem the four candidates for their character and ability, and we think North Carolina would be honored with any one of them in the Senate, but we foresee that it will be a serious mistake for the Democrats of North Carolina to be going about the selection of a Senator in the manner now apparent. Some calm reflection and a study of the situation will show that the present flurry is "Much Ado About Nothing," with the possible brewing of "A Tempest in a Teapot."

When we shall pinch ourselves and get into possession of our faculties, we will at least realize that we shall have to choose between the candidates on their merits, and that reciprocity with Canada and a 7 per cent. tariff on lumber will cut very little ice in counting for merit or demerit. Let us get that into our heads as early as possible, for it should not figure as an issue in deciding between the usefulness of any man we should name for our Senator in North Carolina.

Let us observe that Senator Simmons is being indicted in some quarters for what all of North Carolina's Democratic Congressmen, save one, participated in when a stand-pat Congress was making a protective tariff bill, and it is a fact that if they had not done just as they did, the undeserving Republican party would be in a position to make another big gain in North Carolina. If the opponents of Mr. Simmons want to make an issue of that they will have to join battle with two Senators and nine Congressmen who will come very nearly setting the matter straight when they open up.

They would win on it, too, but there is no use raising that question in selecting our Senator, for free lumber is not on the programme. That is for the American lumbermen who have millions invested in the lumber business in Canada and who very naturally want a free market in the United States for their Canadian lumber. That is also the particular question of lumber consumers in Northern States and it is also an issue for those two classes, but not such a big one in North Carolina as to make a breach in the Democracy of the State. North Carolina, in an industrial sense, is a lumber seller and not a buyer, and certainly free lumber will be "no fight" of any great number of North Carolinians when they find out whose interest was being looked after when it was put in the National Democratic platform, was included in reciprocity with Canada, and was down in the free list of the Payne-Aldrich protective tariff.

In the Senatorial contest let us pick the real issues, instead of precipitating a fight which involves the condemnation or endorsement of practically the entire North Carolina delegation in Congress—two Senators and nine Representatives. A fight cannot be made on one unless it drags in two North Carolina Senators and nine Representatives who have the most powerful and convincing reasons why they voted for a low duty on lumber. Besides that, no Democratic principle is involved in a revenue tariff of 7 per cent., and just a little thinking will convince us of that before we stultify ourselves to the hurt of the North Carolina Democracy.

Loyal North Carolinians would fare better not to send any of the prospective candidates to the Senate if a disturbance of party harmony is to be the result. We wouldn't trade harmony for Republican-made reciprocity, not for 7 per cent. lumber, nor for free and unlimited lumber.

It makes no difference how that famous lumber circular got out in the last campaign in North Carolina. It surely met an emergency and it kept many a vote from swelling the pride of Morehead and Butler. It was a live issue then. It would be a hot poker issue for any candidate now and still hotter for the party in the general election in November, 1912.

We fear, however, that we have to face the music, for it seems that the boat is being rocked in deep water. Watch the prediction. It's a hot tamale.

HOME INVESTMENTS.

Now that Wilmington is enlisted in an industrial campaign, it is time for our citizens to take note of the difference between investments at home and investments out of Wilmington. There is a vast difference, and if the business men of Wilmington are in earnest about making Wilmington an industrial center, they should consider right now the desirability of investing their money in their own city. It is important that they should.

An out-of-town investment may be ever so attractive, but it is not in it with an investment in the home city. A far-away investment may pay a good dividend and may be perfectly safe. Sometimes it is and often it isn't. However, a home investment is right under your eye and it keeps the money at home to build Wilmington. A home investment is better for the investor and greatly to the advantage of his town. A good industry will pay him his dividend, and the money he keeps at home in the industry will employ his home people and go into all the channels of trade, the benefits ramifying in so many directions that it isn't worth while trying to mention them. The brief of it is that a home investment means keeping money at home, distributing money at home, builds up home industry and helps business of all kinds at home.

An investment away from home may bring a dividend but all the other benefits of money and capital sent away from home go to the city where your money may be invested. Wilmington people who have money should, therefore, exhaust every opportunity to invest at home before thinking of sending it away to build other cities or other States. If we are in earnest about building factories, there will be plenty of opportunities to invest at home. Look into the industrial propositions that come up and help to build the factories that will make Wilmington a prosperous city.

In this connection, the Star is pleased to note that the first industry to be secured as a result of our get factories campaign, is likely to be the Carolina Metal Products Company, which will manufacture embossed steel ceiling, wainscoting, steel shingles, steel culverts, tiling, roofing, etc. George A. Simpson, of Pittsburg, who has been presenting the enterprise, returned to the city and makes an interesting statement in the local department of the Star this morning. There appears to be no doubt that the factory will be located in Wilmington, for very little more of the capital stock required has to be subscribed.

Mr. Simpson makes an interesting statement about the industry, and what he says is both gratifying and encouraging. It should be remembered that this enterprise has the endorsement of the Chamber of Commerce and that its establishment here means that every dollar invested practically will be represented in the manufacturing plant and the payroll.

They are trying to bounce Dr. H. W. Wiley out of his position as pure food expert. We were very much pleased with the way Dr. Wiley was keeping us posted about adulterated foods, but it seems that Washington officials were not satisfied with a chemist who didn't do a thing but go around finding "something rotten in Denmark."

Most everybody is getting investigated and denounced. It's a lucky man who now attracts so little condemnation that only a few people turn up their noses at him. That used to make a certain class of individuals as mad as old Tucker, but now a little thing like that is something different from having to face a committee armed with all sorts of probes.

CURRENT COMMENT.

At this writing no one knows what sort of an excuse Senator Overman will give for voting for a duty on lumber.—Durham Herald.

A New Jersey judge declines to divorce a couple who have not spoken to each other since the day after their marriage two years ago. He hates to break up a quiet home.—Boston Herald.

There are indications that it may be necessary to call a peace conference in North Carolina to settle the disturbances in the Democratic party arising out of the Senatorial fight.—Greensboro Telegram.

Recalling the cases of Pinchot and Glavis and coming down to the proposed retirement of Dr. Wiley, the average citizen is doubly impressed with the fact that Republics are ungrateful.—Baltimore Evening Sun.

The Clinton Democrat declares that the town has never been freer from disease than since the "clean-up week" observed last Spring. And the same effect will flow from the same cause everywhere it is tried.—Charlotte Observer.

The Mayor of Rock Hill, S. C., is a gentleman who sticks to his knitting. A street car franchise was desired in his town; the mayor thought the city should be paid for it; the aldermen thought not, but the mayor stood pat and now it is announced that the city will receive $56,000 for the franchise. Some of us are so anxious for a bird that we let the one we have get away trying to catch a second one.—Greensboro Record.

"The Sleepy Love" waltz is the newest thing in the fashionable seashore resorts. It was originated recently by the National Academy of Dancing, in Paris, and imported quickly for the entertainment of the young persons who crowd the seashore hotels. It is danced to waltz time, but the music is slow, a sort of lullaby. It was tried in Atlantic City and became popular immediately. In Long Branch, Seabright, and on Long Beach it has been taken up and the young folk are having much fun trying to learn the odd steps. The orchestras find it difficult to get the time accurate, but once the dancers get the spirit of the music they are able to dance the new step without difficulty.—New York Press.

HEAT MAKES CHILDREN ILL

Summer is a very trying period for young children, and many a child who is usually healthy suffers during the heated term. There are many dangers for the child in summer. These lie in milk, food, water, fruit, etc. The greatest peril is from some form of stomach or bowel trouble. It is usually the starting point of graver troubles. The child becomes constipated, or gets indigestion. Perspiration is interfered with, worms develop, the skin becomes scaly and itchy, and the poor child is in much misery. Do not let it go, and trust to luck or fate for a cure. Use a remedy like Dr. Caldwell's Syrup Pepsin, which is intended to cure that very condition and is especially adapted to children's ills because of its mildness and purity. If the child has any of these symptoms, or has not had a passage in 24 hours, it needs Dr. Caldwell's Syrup Pepsin at once. It will act promptly but gently, and as it is pleasant to take you will not have to force it. A bottle can be obtained of any druggist at 50 cents or $1.00, and you should obtain a bottle today, so as to have it on hand for an emergency. If you have never tried it you can obtain a SAMPLE BOTTLE FREE OF CHARGE by addressing

CHANGE IN WOMAN'S LIFE

Made Safe by Lydia E. Pinkham's Vegetable Compound.

Graniteville, Vt. — "I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter."—Mrs. Chas. Barclay, R.F.D., Graniteville, Vt.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing woman's ills such as inflammation, ulceration, fibroid tumors, irregularities, periodic pains and nervous prostration, and it is unequalled for carrying women safely through the period of change of life.

Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

CARD OF THANKS.

We wish to thank the many kind friends who so tenderly sympathized with us in the tragic death of our son, John S. Jr., and assure them that they will ever be held in grateful remembrance.

BURGLARS ARE STILL ACTIVE

Three Buildings Entered Friday Night —Colored Tailor Loses Nearly One Hundred Dollar's Worth of Clothes.

Friday night was productive of three more robberies, or attempted robberies, though in only one case is it definitely known that the burglars secured anything. The tailoring establishment of James Dry, colored, on Second street, tne drug store of R. R. Bellamy, on Front and Market streets, and the residence of Mrs. Howell, at 714 North Fourth street, were the scenes of the burglaries.

At Dry's tailoring, cleaning and pressing establishment, the burglars secured clothing to the value of between $65 and $100 The building was entered through the transom over the front door and it is supposed that there were at least two men in the party, one standing on the shoulders of the other while he opened the transom and crawled through. The glass in the transom is broken out in one corner and the robber reached through this hole and unhooked the latch that fastened it. Only a person familiar with the place could have made the entrance so easily, it seems, and the further actions of the robbers serve only to strengthen this theory. Two brand-new suits and one new coat were taken, in addition to several other suits that had been cleaned and repaired and were awaiting delivery to their owners. The new clothes were hanging on the wire behind all the rest of the clothes, yet they were taken as well as the best of the other suits in the shop. A grip that Dry used in delivering suits in wet or rainy weather was also taken and it is presumed that the robbers carried their spoils away in this. In leaving the building the robbers went out through one of the front windows, which swings open on a pivot.

While all the clothes did not belong to him, Dry, who is an old man, will have to be responsible for the loss. He is one of the best known of his race in the city and has the respect of many white friends.

The front window in Mr. Bellamy's drug store, opening on Market street, was found open by a policeman early yesterday morning. The officer searched the whole building but found no one. He reported the matter to Mr. Bellamy and the proprietor also investigated, but states that if anything was taken he has not missed it so far. He declares that it would be almost impossible to ascertain the fact if a robber would confine his attentions to the stock in the store. Mr. Bellamy declares that he himself saw the boy in the store close the window Friday night before he locked up and that he is almost positive that the latch was fastened. He is of the opinion that the window was opened from the inside, and says he believes someone was hidden in the store when it was locked up. Mr. Bellamy states that the same window was found unlatched one morning several weeks ago and that a jar of chewing gum which was about half full on the previous night was found to be empty. This leads him to believe that the theft was committed by some small boy.

At the home of Mrs. Howell, on North Fourth street, a lady who occupies a front room there awoke about 12:30 A. M. and saw a big negro man on the front porch. He made his way into the house through the front door, which was unlocked, and went into the dining room. About the same time another lady in the house awoke and saw the man in the dining room. The ladies called for help and the negro ran, going out through the front door. It is believed that the man had an accomplice, for a policeman several blocks away saw two negroes run out of the yard. They ran down Fourth street to Hanover, where they turned in, and when the officer reached this street they had disappeared.

WORK ON NEW RAILROAD.

Probable That Line Will Be Completed This Week.

W. B. Hood in an article in this week's issue of the Southport News has the following to say of the progress of the work on the railroad which will connect that enterprising town with the outside world:

"Work on the new railroad is progressing in good shape and there is every evidence that the rails will reach Southport on or before the 20th inst. Only about three miles of track are now to be constructed. Three engines, 75 men and several teams hauling cross-ties, all under the able direction of Contractor Jones, are pushing the work with all speed.

"Engineer Mintz informs us that a set-back occurred this week, when both engines overturned, requiring much effort and delay in getting them back on the track. It will, however, be safe to count on some kind of a ceelbration in honor of the first advent of the steam engine at an early date, although the great event may possibly be postponed until the 1st of August, at which time many out-of-town people are here to attend the court sessions."

CONCERTS AT LUMINA.

Mrs. Frank Pearson to Sing Afternoon and Evening at Beach

The two concerts to be given at Lumina today will probably be the finest of the many delightful concerts ever given at that popular pavilion. A most excellent programme has been provided, containing many fine numbers, but of course, the feature of the concerts will be the singing of Mrs. Frank Pearson. Mrs. Pearson will sing two numbers, one at the afternoon concert and one at the night concert. This will be a treat that the music-lovers should not miss, and there will no doubt be large attendance at both the concerts. A flute solo is also one of the features for the concert at night.

If your eyes are giving trouble it is unwise to put off having an examination. Perhaps a pair of glasses will correct any defect of vision. Let us examine your eyes and thus save you from any serious trouble in the future. We guarantee the fitting of our lenses. Eyes examined free. Dr. Vineberg, Masonic Temple. **

A SPECIAL TERM IN PENDER

Ordered to Try Two Murder Cases From This County—Will Commence Monday, Judge Ferguson Presiding.

As a result of the action of Solicitor Henry E. Shaw in filing an affidavit before Judge Peebles at the last term of Superior Court here to the effect that the State could not get a just verdict in New Hanover county, a special term of Superior Court of Pender county had been ordered to try the murder cases against Dick Gause, J. E. Tisdal and Garfield Ford, all negroes. This term will begin tomorrow, July 17th, at Burgaw.

It will be remembered that the cases were transferred to Pender county at the last term of Superior Court here, Judge Peebles taking prompt action on the affidavit of Solicitor Shaw. The transfer followed the trial here in which John Bowman, colored, charged with the murder of Eliza Hickson, a negro woman, was acquitted, and the clearing of Jos. Stephens, white, accused of the murder of E. R. Shields. Both cases were tried twice. In the first trial of Bowman a mistrial resulted, and a verdict of "not guilty" was returned in the second. At the first trial of Stephens a verdict of murder in the first degree was returned and the man was sentenced to be electrocuted. The case was appealed to the Supreme Court and a new trial was granted. Stephens was acquitted in the second trial last Spring. Judge Peebles bitterly scored the two juries at the time, remarking that the two verdicts were the most outrageous he had ever encountered since he assumed his duties on the bench. These verdicts determined th Solicitor to ask for a transfer in the other two murder cases on the docket and Judge Peebles promptly ordered it.

The cases transferred are those against Dick Gause, charged with the murder of Ned Gibson, and J. E. Tisdal, charged with being an accessory in the murder of Gibson, and against Garfield Ford, accused of the murder of Julia Ford, his wife.

Gause killed Gibson following, it is said, a night of gambling and Tisdal is charged by the State with aiding and abbetting in the crime. Three shots were fired at Gibson, although only one took effect. It is understood that the cocaine habit will be attributed as one of the causes of the Gibson murder. Ford killed his wife after finding her in conversation with a man with whom he had ordered her not to talk.

The two cases will be heard before Judge Garland S. Ferguson at Burgaw and the outcome will be awaited with interest in this county. The verdicts may furnish interesting comparisons with some of the recent results in murder cases tried here, and possibly also with the verdicts that will be rendered in two murder cases awaiting trial at the next term of Superior Court which commences here July 24th. A remarkable coincidence is connected with the two cases to be tried here in that in both of them the principals murdered their wives and then each attempted suicide.

One case is against a white man by the name of Sandlin and the other is against a negro. The coincidence is further carried out in the fact that both men were removed from the hospital and carried to jail in the same automobile at the same time. It is only natural to wonder in this connection if the verdicts will coincide.

Whether or not Solicitor Shaw will ask for a transfer in these two cases is a matter of conjecture.

THROWN FROM BICYCLE.

Mr. Henry Jordan Injured in Accident Yesterday.

Mr. Henry Jordan, a carpenter, was painfully and possibly seriously injured yesterday afternoon when he was jammed between a wagon and a surry in front of Quinlivan's blacksmith shop, No. 106 North Second street, and thrown to the pavement from his bicycle.

The accident occurred just after Mr. Jordan had turned into Second street from Princess. He was riding his bicycle along the right hand side of the street and just when he was attempting to pass a wagon that was standing against the edge of the sidewalk in front of the blacksmith shop a surry belonging to the City Livery Company and driven by a negro youth, came down on the same side of the street. Mr. Jordan was caught between the two vehicles and thrown from the bicycle. He was stunned by the force of the fall, and fell twice after getting to his feet, then staggering into the livery stable. He was taken to Kingsbury's drug store, thence to the office of Dr. S. E.Koonce, where his injuries were treated. He sustained abrasions on his forehead, nose and lips and also a sprain at the base of his neck. The latter injury is the one that Mr. Jordan complained most of, and it is possible that it may be serious, although this is not thought to be the case. After receiving treatment Mr. Jordan was carried to his home.

It is said that the accident was caused by the negro in the surry violating the driving ordinance, in that he was driving on the left side of the street, and made no attempt to turn out.

SPECIAL SERVICES ARRANGED.

Salvation Army Officer to Visit Local Post This Week.

Adjutant Williams, in charge of the local post of the Salvation Army announces that special services will be held at the hall on the second floor of the building at No. 205 Market street, Thursday and Friday nights. Thursday night tnere will be a dedication service conducted by Major Edward White, of Atlanta, Ga., assisted by Adjutant Quirk, who will have as his subject, "The Puncher." Friday night at 8 o'clock there will be another special service, at which the subject will be "The Man Who Failed." Music will be furnished Friday night by the Cape Fear Independent Band, of Wilmington. The public is cordially invited to both services.

Just out—Wash Rag Hats and Duck Hats. The latest fad, at Taylor's Ladies' Hatter, 114 Market street. **

Monday at Fuchs' Big Sale every customer purchasing 50c. worth or more of goods will receive absolutely free a rubber balloon. **

BIDS FOR PAVING FRONT ST.

Opened by the Council Yesterday at Noon—Kind of Material Will be Determined Monday and Awards Made Later.

Pursuant to advertisement the City Council met yesterday at noon with Mayor Smith presiding and all members in attendance for the purpose of opening bids for grading, paving and curbing Front street from the A. C. L. bridge, just north of Red Cross, to the north side of Castle street, after which the body adjourned until 10 o'clock tomorrow morning at which time citizens are invited to be present and offer suggestions as to the kind of material they think should be used on this prominent thoroughfare. The award of the contract or contracts for the work will be made at a special meeting of Council Wednesday afternoon.

While bids were submitted for extra grading not included in the paving, and for curbing, interest of the public centers in the bids for paving, which are given briefly as follows:

Hastings Pavement Company—Asphalt blocks, $2.65 a square yard.

William Pannill—Asphalt, $2.59 a square yard.

United States Wood Preserving Company—Wood blocks, $2.59.

Southern Paving Company, Chattanooga, Tenn.—Asphalt, $1.89; vitrified brick, $2.19; wood blocks, $2.58; vitrified brick on sand fillers, $1.75.

Rudolph S. Blome Company—Granotoid, $1.99.

Atlantic Bitulithic Company—Bitulithic, four inch concrete base, $2.12; five inch concrete base, $2.23.

Georgia Engineering Co., of Augusta, Ga.—Vitrified brick, $2.27.

There were present some eight or ten representatives of the concerns which submitted bids and they will return for the meeting Wednesday afternoon, at which any one desiring to talk on the merits of his particular pavement will be heard before the Council makes the award. The bids were referred to the city engineer for tabulation.

The meeting Monday morning will be one of far-reaching importance, for it is most likely that the Council will then determine what kind of pavement will be used. A majority if not quite all the owners of property on either side of the street to be improved desire a pavement that is as nearly noiseless as possible and at a recent meeting of citizens in the rooms of the Chamber of Commerce a resolution to this effect was adopted. The resolution also requested that the Council give the citizens a chance to be heard before selecting the kind of pavement, and the meeting tomorrow is in compliance with this request. It is hoped that there will be a large attendance, whether they own property on the street to be improved or not, and that there will be a full and free discussion of the matter, as it will enable the Councilmen to act more intelligently when they come to a vote.

Each proposal submitted yesterday was accompanied by a certified check of the bidder for 5 per cent. of the contract price, drawn to the order of the Mayor of the city of Wilmington, which amout will be forfeited to the city as liquidated damages in case an award is made and the contract and bond is not promptly and properly executed. The specifications provide that the work is to be completed in 120 working days.

FAMILY EXCURSION.

One of Most Enjoyable Outings of the Season at Carolina Beach.

One of those delightful old-time family excursions, which are featured every year at Carolina Beach, will be run on the steamer Wilmington next Wednesday, July 19th, and as usual there will be a large crowd and an enjoyable time for all who attend. A band of five pieces will furnish music for the occasion and there will be many other interesting features. The steamer Wilmington will make her usual excursion trips, leaving at 9 A. M., 2:30 and 7:30 P. M. The last boat returns to the city at midnight. The committee in charge is composed of Messrs. L. R. Welsh, Harry Farrow, T. C. Rhodes, J. W. Capps, Benj. Crumpler, J. N. Bennett, Frank Brittain, E. J. Grimsley, Joe E. Hale and E. A. Huhn.

Real Etstate Transfers.

By deed filed for record yesterday Miss Mary Fannie Johnson transfers to Mr. Clarence Mattingly and wife, for $100 and other considerations, lot on east side of Seventh, 148 feet south of Dock street, 33x66 feet in size. It is understood that it required about $2,000 to make the deal. It is a very desirable piece of property and Mr. Mattingly, who is foreman of The Star, expects to build a handsome home on the lot some time this Fall. Another deed filed for record yesterday is from Mary Williams and others to W. H. McEachern, for $725, 13 acres of land in Masonboro township, adjoining lands now owned by Mr. McEachern.

Races at Mullins, S. C.

On July 25th, at Mullins, S. C., there will be a Pee Dee Circuit racing meet with 21 horses entered. Several North Carolina horses are entered, one of them, Miss Jarvis, from Wilmington. Miss Jarvis is entered as belonging to Wm. H. McEachern, of this city. Another Tar Heel horse is Grace D., owned by Mr. Bardin, of Lake Waccamaw. Both Miss Jarvis and Grace D., are very fast horses and both took first money in the meet held here two weeks ago.

—Willie Kennedy, alias "Snow," colored, was arrested yesterday by Deputy Sheriff Kelly on a warrant from Justice J. W. Smith's court, charging larceny. Kennedy is alleged to have been stealing brass from the gasoline boat at the Coast Line docks. He will be tried before Justice Smith Monday at 12 o'clock. He has been on the county roads several times, it is said.

WILL LOCATE IN THIS CITY

Mr George A Simpson Certain That The Carolina Metal Products Co. Will Establish Plant in Wilmington.

Mr. George A. Simpson has just returned to the city from a visit to the home plant of the concern represented by him at Canton, Ohio, and is confident that the Carolina Metal Products Company will locate its manufacturing plant in Wilmington. Considerable stock has already been subscribed by local business men, the enterprise has the endorsement of the Chamber of Commerce and Mr. Simpson expects to close the subscription list withia a few days.

Mr. Simpson went to his home office to lay before the officers of the company the many good reasons why the plant for the Carolinas should be located in Wilmington. Speaking of his trip yesterday, he said: "My people are very enthusiastic over the possibilities for big business in the South in general, and the Carolinas in particular. They were pleased to know of the progress I had made in Wilmington, and in order to better evidence their confidence in the success of the local manufacturing company, they authorized me, if necessary, to invest in the stock of The Carolina Metal Products Company, and they instructed me to proceed without any delay to complete the organization and make the necessary plans to locate the manufacturing plant in Wilmington. Orders were given for the preparation of plans for the building, machinery, foundations, etc., and before I left Canton our engineering department was well along with the drawings; and I may state right here, that when the factory is completed and equipped, Wilmington will be able to boast of having one of the most complete and modern manufacturing plants in the South.

"It is the purpose of the people I represent to lend every assistance possible in the building and equipping of the local plant, and to insure its absolute success in operation will furnish the necessary skilled operatives to install and start the machinery, and give the necessary instructions to the local employes.

"I fully expect to close the subscription list in the next few days, as only a small amount is needed to complete the total, and when this is assured, The Carolina Metal Products Company will be organized, and Wilmington will be absolutely sure of an industry that will give employment to a number of high-class workmen at the start, with the brightest prospects possible for a steady increase in the future, all of which will prove to be a great benefit to the business interests of Wilmington, as every dollar invested locally is practically represented in the manufacturing plant and pay roll."

PHENOMENA AT BEACH.

Leaning Water Spout Observed Yesterday Morning Early.

At a point opposite Station Two on the line of the Tidewater Power Company, on Wrightsville Beach, and several miles out at sea, a most remarkable phenomena was observed yesterday morning about 7 o'clock by those so fortunate as to have arisen at this hour. This spectacle was in the form of an immense water spout, at a distance of three or four miles off the coast, and it attracted much attention from the residents and guests on the beach, many of whom had never witnessed anything of the kind before.

Differing materially from the average water spout seen off the coast, yesterday's phenomena was extremely unusual in that it was not a perpendicular tower of water as is usually the case, but it arose from the water in an angle, leaning far to one side near the middle. It extended from the surface of the ocean far up into the clouds, its crest being entirely hidden. A short distance above where the column arose out of the sea it commenced to bend until at what appeared to be the middle, it resembled a bow. From here on up toward the clouds it straightened out again and where it disappeared into them it was almost in a line with the bottom.

At the foot of the column the water was in a state of violent ebullition, which could be plainly seen with the naked eye. The phenomena lasted about twenty minutes, collapsing a little after 7 o'clock.

SUNDAY MORNING CONCERT.

Asbury's Orchestra to Render Special Programme—10:30 to 12.

Asbury's Orchestra will render a special concert this morning from 10:30 to 12 o'clock at the Oceanic Hotel and the public is cordially invited to hear the music. The programme will be as follows:

Train Hits Dray and Mule.

A coast line train hit a dray and mule on the crossing at Eighth street yesterday afternoon, and the miracle is that driver and mule escaped with their lives. The dray was damaged to a considerable extent and several bundles of clothes which were in it at the time were scattered to the four winds of Eastern Carolina. This is a dangerous crossing and the city officials have been trying to get the A. C. L. to put a watchman on duty there. Possibly the accident yesterday afternoon will have some effect on the railroad's decision in the matter.

Come to Taylor's Ladies' Hatter to find out what is stylish in ladies' Neck-wear. Dainty sailor collars for 25 cents. **

If you purchase 50c. worth of goods at Fuchs' Big Sale you get a rubber balloon free. **

CONCERT AT SEASHORE.

Splendid Programme Will Be Rendered at Popular Hotel Today.

The usual Sunday concert will be given at the popular Seashore Hotel, Wrightsville Beach, today at noon and a most attractive programme has been arranged. The Sunday concerts at the hotel have become very popular and are attended not only by practically all the large number of guests at the Lostelry but by hundreds of others on the beach. The Seashore orchestra is composed of ladies and is one of the best ever assembled at the resort. The following is the programme for today's concert, which begins at 12 o'clock:

Overture .. "Merry Wives of Windsor" ....Nicolai.

Selection .. "Madame Butterfly," ....Puccini.

Eastern Dance, "Erirus."..Trinkhaus.

Violin Solo..Faust Fantasie..... ... .Sarasate.

Mr. Harry Linden.

Hungarian Dance ....Brahms.

Popular Selections, "The Spring Maid," ....Reinhard.

Waltz, "To Thee," .. .. .Waldteufel.

Vocal Solo, "May Morning,"...Denza.

Miss Agnes Tully.

March from "Tannhauser," ..Wagner.

The vocal solo by Miss Tully, whose voice is superb and whose singing has delighted and charmed hundreds of visitors at the resort this season, and the violin solo by Mr. Linden will feature the very pleasing programme. Mr. Linden is a voilinist of exceptional ability and is now playing an engagement at the Grand. The public is invited to attend the concert.

If you purchase 50c. worth of goods at Fuchs' Big Sale you get a rubber balloon free.

Turner, Mrs. R. E. Barnes, Miss Alice Johns, Miss Lola Yancy, Miss Fay Yancy, Kittie Wynne, Inez Wynne, Raleigh; W. A. Muse, Atlanta; Mr. and Mrs. John Reb. Drake, Karl Drake, Miss Minnie Drake, Mrs. Augusta Drake, Frank Drake, Darlington, S. C.; Mr. and Mrs. J. T. John and Miss Alice John, John's Station; Mr. and Mrs. C. W. Sinclair, Florida; Mrs. E. Cohen and Miss Cohen, Florence, S. C.; Boggan Trippitt, Miss Bessie Trippitt, Camden, S. C.; Mrs. B. C. Irby, Miss Bessie McArthur, Miss Harriss Irby, Darlington, S. C.; W. K. Dunn, Sumter, S. C.; R. C. Cool, Southport; C. G. Wallace, Richmond, Va.

PERSONAL PARAGRAPHS.

—Messrs. C. J. Mitchell, Hans A. Kure and D. N. Chadwick are spending some time at Seven Springs.

—Mr. T. C. Evans, of Lumberton, arrived yesterday to spend the week-end with his brother, Mr. Chas. N. Evans.

—Wm. J. Bellamy, Esq., left yesterday afternoon for Savannah, Ga., on legal business. He will return tomorrow or Tuesday.

—Mr. W. C. Scott, of the Richmond Paper Co., is in the city, calling on the trade and is being pleasantly greeted by his many friends.

—Mr. C. G. Fennell and family, of Atlanta, who have been spending some days very pleasantly in the city and at the beaches, will return home today.

—Mr. and Mrs. C. W. Hollowbush have returned from a delightful trip of a month, spent at their former home in the West. They also visited Lincoln, Neb.; St. Louis and Cincinnati, returning via Chicago.

—The many friends of Mr. R. R. Stone will be pleased to learn that he is recovering from an operation, necessitated by an acute attack of stomach trouble, which he underwent at the James Walker Memorial Hospital yesterday.

—Among those registered at The Orton yesterday were the following: J. D. Wilkes, Greensboro; Jno. A. Mills, Raleigh; Mr. and Mrs. J. T. John and Miss Alice John, John Station, N. C.; W. M. Wilkes, Charlotte; Jno. A. Farrell, Raleigh.

—Dr. John A. Farrell, secretary of the State Hookworm Commission, is spending today at Wrightsville Beach, having arrived yesterday from Chadbourn, where he spent a few days at a hookworm camp in charge of Dr. Pridgen. About 200 cases of hookworm were treated yesterday morning.

—Many friends of Mr. Marion S. Harriss and brother, Master Latham Harriss, sons of Capt. and Mrs. W. N. Harriss, who have been ill for some weeks of typhoid fever, will be glad to learn that there is some improvement in the condition of both. They are getting along as nicely as could be expected.

—Among the arrivals at The Southern yesterday were: Mrs. Hollingsworth and child, Currie; N. D. Muray, Norfolk, Va.; R. E. Richmond, Atlanta, Ga.; B. A. Leonard, Asheville; Miss Lizzie Mae Holland and Troy Ellis, Monticello, Ga.; R. J. Benton, Clinton; W. J. Scott, Roseboro; J. A. Smith, Cronly; W. H. Dennis, Town Creek; L. A. Jones, Zara.

LOCAL DOTS.

—Regular services today at Fifth Street M. E. Church at 11 A. M. and 8:15 P. M., conducted by the pastor, Rev. G. T. Adams. The public cordially invited.

—Police Officer M. C. Huggins has tendered his resignation to take effect July 23rd. Mr. Huggins has another position in view. It is stated at headquarters that the resignation will be accepted.

—A communication signed "Welfare" will be cheerfully published if the writer will accompany the same with his name, not for publication but as a guarantee of good faith, an invariable rule in every newspaper office.

—Charged with a nuisance, Chas. Burnett, colored, was arrested yesterday afternoon by Constable Savage. In default of bond the negro went to jail to await hearing before Justice Harriss tomorrow. A negro woman is the complainant.

—The South Wilmington Giants ran away with the Dry Pond team yesterday and defeated them by the score of 14 to 3. Hankins, for the Giants, allowed the Dry Ponders not a single hit. Batteries: For Giants, Hankins and Todd; for Dry Ponders, Bornemann and Gurtis.

—Trinity Methodist Church, corner Ninth and Market street, Rev. E. C. Sell, pastor. Preaching at 11 A. M. and 8:15 P. M. Morning subject, "Habit." Evening subject, "Influence." Sunday School at 4 P. M. A cordial invitation is extended to all. Come and bring someone with you.

—Southport News: "Rumor has it from very good authority that the new inland waterway route has now been decided and that it follows the original plant to enter the Cape Fear river about mid-way between this city and Wilmington, and this, of course, means disappointment to our Wilmington friends, who had hoped the course would include that city."

—Mr. R. E. Blake brought to the Star office yesterday a curiosity in the form of a tomato. This freak fruit was formed of six tomatoes which had grown together. In shape it resembled a very large doughnut, being almost perfectly round, with a hole in the center. The tomato weighed a little one one and three-quarter pounds and was raised by Wesley Nixon, colored.

COTTON RECOVERED DECLINE

Market Closed Eight Points Higher to Three Points Lower—Bearish Crop Advices From Texas. Conditions.

New York, July 15.—The cotton market was very quiet today, but an early decline in new crop positions was practically recovered, while old crop months showed considerable firmness and the general list closed steady, net eight points higher to three points lower. The market opened steady at an advance of seven points on July, but generally unchanged to six points lower, and new crop positions sold off a point or two during the early trading in response to lower cables than due, unfavorable trade reports, further rains in the Western belt, and bearish private crop advices from Texas. There was bull support of the old crop positions, however, local and New Orleans weather experts predicted a return of dry warm weather in the West and continued rains in the Central belt, and while the Western belt forecast was for showers in east Texas, the market rallied after the first few minutes on trade buying, and covering of shorts for over the week-end. There was not much snap to the buying and the increasing new crop movement in the Southwest appeared a reassuring factor from the standpoint of the August short interest, but that position sold up to 13.99 during the morning, or about 11 points net higher, while the new crop worked about 2 to 3 points above the closing figures of yesterday and the close was only a little off from the best. Leading bull interests are said to be receiving many boll weevil reports from Central sections of the belt and the continued rains in that part of the country are beginning to cause some apprehension, but notwithstanding the rally from the low point of this morning, many local traders express a bearish view of the situation owing to the reports of relief from drought in the Southwest, expectations of a high August condition report and the approaching new crop movement, which it is believed, will be accompanied by gradually increased Southern selling. A leading English statistician estimates European consumption at 175,000 bales per week against 170,000 last year, but places mill stocks at 400,000 bales in excess of last year.

Receipts at the ports today 269 bales against 509 last week and 4,667 last year; for the week 6,000 bales against 4,194 last week and 54,211 last year. Today's receipts at New Orleans 50 bales against 605 last year and at Houston 135 against 79 last year.

Spot closed quiet, 5 points higher; middling uplands 14.30; middling gulf 14.55; no sales. Futures opened steady and closed steady.

CONTINUES DULL FOR STOCKS

Quotations Remained Almost Stationary on Stock Exchange—Record of Country's Export Trade. Features.

New York, July 15.—Quotations remained almost stationary on the stock exchange and trading was in consonance with the week's extremely dull conditions. Attendance of members on the floor was unusually small and business languished throughout the short session which recorded total sales of 53,200 shares. Toward the close prices weakened somewhat, with special heaviness in covering.

The completed record of a remarkable year in the country's export trade was made today with the figures for June showing an increase in grain, meats, cotton and mineral oil for the fiscal year of nearly $140,000,000. Exports of these products in June were nearly $2,300,000 below those of the corresponding month of last year. This was due, however, to the shrinkage of $11,000,000 in exports of cotton which was not unexpected, interview of the huge outward movement of earlier months. The value of other products was considerably in excess of the figures for the preceding June and the statement was consider a satisfactory one. During the year the greatest gain was in the export of cotton, which played a large part in the restoration of a balance of trade in favor of this country, following a period it which foreign trade was in an unsatisfactory condition.

The bond market was steady. Total sales par value $933,000.

United States bonds were unchanged on call on the week. Total sales 53,200 shares including C. & O., 1,500; L. & N., 400; Reading, 6,900; Southern R's, 1,300; pfd., 200; U. P., 3,600; United States Steel, 6,600; Virginia-Carolina Chemical, 600.

Escaped With His Life.

"Twenty-one years ago I faced an awful death," writes H. B. Martin, Port Harrelson, S. C. "Doctors said I had consumption and the dreadful cough. I had looked like it, sure enough. I tried everything, I could hear of, for my cough, and was under the treatment of the best doctor in Georgetown, S. C., for a year, but could get no relief. A friend advised me to try Dr. King's New Discovery. I did so, and was completely cured. I feel that I owe my life to this great throat and lung cure." Its positively guaranteed for coughs, colds and all bronichal affections. 50c. and $1.00. Trial bottle free at R. R. Bellamy.

THE GRAIN MARKET.

Chicago, July 15.—A revival of the export brought strength today into the market for wheat. Bullish estimates regarding the crop in the northwest gave help. In consequence, closing prices were ¼@⅝ higher than last night. The end of the day, however, left corn down ½ to ⅝@⅝ net, and oats off ⅝@¾ to 1¼. Hog products finished all the way from 10c. loss to 17½c. gain.

Wheat—No. 2, red, 84¼@86¾; No. 3, red, 83½@85¾; No. 2, hard, 84¼@87½; No. 3, hard, 82½@86½; No. 1, northern, 1.02@1.06½; No. 2, northern, 1.00@1.03; No. 3, northern, 92@98; No. 2, spring, 86@98; No. 3, spring, 88@94; velvet chaff, 86@90; durum, 82@88.

Corn—No. 2, 66½@66⅝; No. 2, white, 66⅝@67; No. 2, yellow, 66½@67; No. 3, 66@66¼; No. 3, white, 66½@66⅝; No. 3, yellow, 66½@67; No. 4, 65@66; No. 4, white, 65½@66; No. 4, yellow, 85½@86.

Oats—No. 2, 45½; No. 2, white, 48@48¾; No. 3, white, 47@47½; No. 4, white, 46½@47¼; standard, 47½@48.

CATARRH

Cured by the Marvel of the Century, B. B. B.—Tested for 30 Years.

Hawking, Spitting, Foul Breath, discharges of yellow matter permanently cured with pure Botanical ingredients.

CATARRH IS NOT ONLY DANGEROUS but it causes ulcerations, death and decay of bones, kills ambition, often causes loss of appetite and reaches to general debility, idiocy and insanity. It needs attention at once. Cure it by taking **Botanic Blood Balm (B. B. B.)**. It is a quick, radical, permanent cure, because it rids the system of the poison germs that cause catarrh. At the same time **Blood Balm (B. B. B.)** purifies the blood, does away with every symptom of catarrh. B. B. B. sends a tingling flood of warm, rich, pure blood direct to the paralyzed nerves, and parts affected, by catarrhal poison, giving warmth and strength just where it is needed, and in this way making a perfect, lasting cure of catarrh in all its forms. DRUGGISTS. $1 per large bottle, with directions for home cure. SAMPLE SENT FREE by writing **Blood Balm Co., Atlanta, Ga.**

S.S.S. REMOVES ALL HUMORS FROM THE BLOOD

The cause of all skin diseases can be traced to some humor in the blood, and therefore the cure of any skin trouble can come only through a thorough cleansing of this vital fluid. Salves, washes, lotions, etc., relieve some of the itching and discomfort, help to reduce inflammation, or aid in keeping the cuticle clean, but such treatment does not reach the blood, and of course can have no real curative effect. *S. S. S.* cures Skin Diseases of every kind because it purifies the blood. It is an internal remedy for an internal trouble, and works on the only reasonable and certain method of cure. *S. S. S.* removes all acids and humors from the circulation and leaves the blood stream rich, healthy and nourishing in order that it may supply the cuticle with the necessary properties to restore it to its smooth, normal condition. Then a cure results because the old exciting cause has been disposed of. Book on Skin Diseases and any medical advice sent free to all who write. *S. S. S.* is sold at drug stores.

CHOLERA CAUSED HIS DEATH.

Native American Died at Hoffman Quarantine Station.

New York, July 15.—The death today of Patrick Cushing, a resident American and former day watchman at Hoffman Island Quarantine Station, from Asiatic cholera, has raised some apprehension in New York of the spread of the scourge beyond the limitations of quarantine, and vigorous steps were taken to stamp out any possible sources of infection. Health Officer Doty himself says there is no cause for alarm.

The case need not cause alarm, Dr. Doty says, since the precautionary measures instituted were promptly and thoroughly carried out.

While Cushing's death reveals the first native case of cholera in the present epidemic, three deaths from the disease have occurred at Swinburne Island in three days. According to Dr. Doty, six other cases exist at quarantine. Two of these are serious. Three of the six were brought in by the steamer Perugia, which arrived last night from Naples, and is still at quarantine. The other three were among passengers and crew of the Moltke, which arrived from Naples July 5th. There are now under observation at quarantine 205 steerage passengers and 43 of the crew of the Moltke.

GOVERNMENT RECOVERS MONEY

Gets $75,000 From Greene and Gaynor and $500,000 from Carter.

Washington, July 15.—Announcement was made at the Department of Justice today that the government during a fight of several years has recovered about $75,000 from John F. Gaynor and Benj. D. Greene, the contractors who were convicted of gigantic frauds with Capt. O'Berlin M. Carter in the Savannah harbor contracts several years ago.

A search of official records showed that approximately $500,000 had been recovered from Capt. Carter. That sum included, however, real estate and securities some of which have not been sold. The courts allowed $111,000 for Carter's counsel fee and expenses. There has been turned into the Federal Treasury on Carter's account $227,852 in cash. Real estate and securities in New York, New Jersey and Georgia are still in possession of the government.

Both Greene and Gaynor owe a fine of $585,749.90. Both, however, took the pauper's oath before they left the Atlanta penitentiary. They have sued the government for approximately $1,000,000, alleging abrogation of the Savannah contracts. The case is now in the court of claims.

NO PENSION LEGISLATION.

All Hope Dashed by Announcement of Congressman Underwood.

Washington, July 15.—All hope of pension legislation at this session of Congress was dashed today when Democratic Leader Underwood served notice that such legislation would be taken up at the proper time at the regular session in December. Just before the House today adjourned until next Wednesday, Representative Kendall, of Iowa, insurgent Republican, objected to an adjournment over Monday when, under the rules, a pension increase bill could be considered. Mr. Underwood said the bill which would be brought in by the Democratic majority at the regular session would be different from that favored by the Republicans in that it would provide pensions for "soldiers who had never been within 500 miles of a battlefield."

SWAMPED WITH PROPOSALS

Man Who Will Inherit Fortune If He Has Family When He Is Fifty.

Montague, who by the terms of the Mattoon, Ill., July 15.—Charlie will of his father, Joel T. Montague, will inherit a quarter of a million dollars if he marries and has a family by the time he is 50 years of age, has received more than a hundred proposals of marriage, from young women who say they offer good reputation and character, but no money to the proposed union.

"Forty years I have lived without a wife," Mr. Montague said, 'but some of these proposals are so touching, i may reconsider my determination to contest the will."

BRITISH AGENT TO EGYPT

Field Marshal Lord Kitchener Succeeds Sir Eldon Gorst.

London, July 15.—Field Marshal Lord Kitchener has been appointed British Agent to Egypt to succeed Sir Eldon Gorst, who died several days ago.

The status of the British agent to Egypt probably will be improved with a more important title and a higher salary attached.

Command of the British troops on the Mediterranean heretofore held by a general at Malta will be transferred to Lord Kitchener. The home country expects him to crush with a strong hand the growing dissatisfaction of the natives of Egypt.

SOUTHERN ENGINEER KILLED

Struck Head Against Pump Pipe and Fractured Skull.

Asheville, N. C., July 15.—Leaning out of the cab window of his engine, J. H. Sessler, engineer on the Southern Railway, struck his head against a misplaced pump pipe at Wolf Mountain, Tenn., last night. The blow fractured his skull. He died here today. His body was taken to his home in Nashville, Tenn.

Battle Creek, Mich., July 15.—Lee Hunt, 26 years old, lost his life today in a fire that destroyed the Hamlin livery stables, where he was employed as barn man. Hunt was sleeping in the building and was suffocated while searching in the dense smoke for his cork leg.

MAKE THIS BANK YOUR BANK.

The services of this institution are dedicated to the financial needs of the people of this community. Its desire is to serve you in any capacity having to do with the handling of funds.

Its facilities, are yours, use them.

The Southern National Bank

STRIKING MINERS CONVICTED

Fourteen in Colorado Are Found Guilty of Contempt of Court.

Denver, July 15.—Fourteen striking coal miners of LaFayette and Louisville, Col., members of the United Mine Workers of America, who have been on trial of the last week before Judge Greeley Whitford on charges of contempt in disregarding the court's injunction against violence and intimidation, were found guilty by Judge Whitford and were given sentences ranging from imprisonment in the county jail for one year to fines of $250 and costs.

Attorneys for the miners were denied the right of appeal to the Supreme Court, but were given thirty days in which to file a bill of exceptions.

NINE PERSONS DROWNED.

Lives Lost By Collision of River Boats Near New Orleans.

New Orleans, La., July 15.—Nine lives were lost in the collision between the river boats Diamante and Irma in the San Juan river Friday night, June 23rd, according to a story printed in the Bluefields, Nicaragua, American in it's issue of June 2nd, just received here. The collision occurred about mid-night, throwing the crews and passengers of both boats into a panic, many leaping into the water. The Irma sank soon after being struck.

Reports received last night in this country were that 23 lives had been lost.

MANY RAILROAD ACCIDENTS.

Interstate Commerce Commission Averages 30 Reports a Day.

Washington, July 15.—The appalling toll of human life exacted by American railroads is reflected in the fact that the Interstate Commerce Commission receives daily from officials of interstate railroads an average of 30 telegraphic reports of accidents, involving the loss of one life or more.

The reports are received in response to an order of the commission which became effective on June 1. Generally the railroads are complying with it.

"BUD" MARS MAY GET WELL

Aviator Injured At Erie Continues to Improve.

Erie, Pa., July 15.—At the hospital tonight it was said that the condition of "Bud" Mars, the aviator, injured yesterday, continues to improve. The birdman spent an uncomfortable day, but such was expected from his injuries. Mars probably will be out within ten days, but it was said it will be a long time before he is in condition to follow his profession.

The internal hurts have not amounted to much, but a slight fracture of the skull causes temporary anxiety.

Washington, July 15.—The House sugar investigating committee today heard the "evils of the sugar trust" described by representatives of the Louisiana cane growers and manufacturers of unrefined sugar. The witnesses discussed the tariff, declaring that elimination or material reduction in existing duties on sugar would destroy their industry. Theodore S. Wilkinson, Myrtle Grove, La., planter and manufacturer and former member of Congress; Jno. Dymond, of New Orleans, and J. E. Burguieres, a manufacturer, testified.

Ocean Park, Me., July 15.—A merger of the Missionary interests of the Baptist and Free Baptist churches of America was approved by the general conference board of the Free Baptist churches of America at its annual session which closed here today. The board authorized the executive committee to take the necessary steps to bring about the union, the Baptists already having favored it and to have the new arrangement in force not later than October 1st.

Seabright, N. J., July 15.—M. H. Long, of California, the National Clay Court champion, by defeating N. W. Niles, of Boston, today won the Achelis challenge cup in the lawn tennis singles on the turf courts of the Seabright Cricket and Lawn Tennis Club here. Long paired with C. R. Gardner, won the final of the doubles, defeating Wm. A. Larned, the National champion, and his brother, E. P. Larned.

Nashville, Tenn., July 15.—Henry Steimle, Franz Steimle, and Mrs. Lizzie Steimle, brother, father and stepmother, respectively, of Tilda Bart Steimle, the young girl found murdered on her father's farm on Paradise Ridge, 14 miles west of Nashville on Thursday, were arrested this afternoon charged with the murder of the girl. The arrests followed an inquest.

New York, July 15.—Joseph Kinward, of Tarrytown, was in a swing, painting the water tower there late today when the rope broke. He dropped 150 feet, struck a guard wire, turned a complete somersault and landed on his feet. He smiled and said: "I didn't expect to come down this way, but I'm all right." Although somewhat shaken up, he was able to walk home.

Buenos Ayres, July 15.—Dr. Naon, the Argentine minister to the United States, who now is in Caracas, telegraphs that he has signed a general arbitration treaty in behalf of his government with Ecuador and that probably a similar treaty with Venezuela will be signed at once.

New York, July 15.—The statement of clearing house banks for the week shows that the banks hold $9,147,700 reserve in excess of legal requirements. This is a decrease of $1,776,550 in the proportionate cash reserve as compared with last week.

Turks Island, July 15.—The British Bark Abeona, which sailed from this port several days ago for Norfolk, with a cargo of salt, put back yesterday in a leaking condition. She will be surveyed before proceeding for her destination.

A Peek Into His Pocket

would show the box of Bucklen's Arnica Salve that E. S. Loper, a carpenter, of Marilla, N. Y., always carries. "I have never had a cut, wound, bruise or sore it would not soon heal," he writes. Greatest healer of burns, boils, scalds, chapped hands and lips, fever-sores, skin eruptions, eczema, corns and piles. 25c. at R. R. Bellamy's.

or Woodrow Wilson and his family took possession today of the Summer home at Sea Girt provided for him by the State. The governor announced, however, that the residence was not to be considered in any sense a Summer capital. Instead, he said, he would make regular visits to Trenton for the transaction of State affairs, and persons calling upon him at his Summer home would have to do so by appointment, as he is in need of a rest.
